## MESSAGE

*Another school year is once again about to end even as our efforts to provide quality, accessible, relevant and liberating basic education continues.*

*This year, our theme acknowledges that we are diverse and yet united in pursuing high quality education for all. When we proclaim that quality education is for all, we make sure that all the learners are able to master the art of learning to know, learning to live together, learning to do and learning to be productive citizen of the 21<sup>st</sup> century*

*We salute the parents and guardians for their sacrifices in making sure that every learner's need is addressed. Our local government officials also deserve our gratitude for providing the support in creating a more learner-centered environment in the schools.*

*We commend our fellow teachers and school officials in their tireless efforts to discover better ways of making learners more engaged in honing their skills.*

*With our shared commitment, the task of enabling our youngsters to possess the 21st century skills will not be difficult. With our collective action, our beloved country will have no way but become prosperous and developed.*

*May the Lord continue to bless our efforts! Mabuhay!!!*

## MESSAGE

My heartfelt greetings to all completers and graduates of Batch 2019. Getting ready for the future means we have to prepare today. May this day be truly memorable and meaningful in your education journey, and serves as a beginning of your bright future.

This year's theme "Unity in Diversity: Quality Education for All", brings out the primary thrust of our department to deliver quality, accessible, relevant and liberating education for all. We are one in our idea that education is one of the most important elements in our personal, community and national development despite our differences in our religions, customs, beliefs, traditions and principles.

To the proud parents, school administrators, teachers, support staff, non-teaching personnel, and all other stakeholders of education, let us continue to be with our schools in the realization of the objectives of the K to 12 Basic Education Program. Our goal of producing 21<sup>st</sup> century learners and holistically developed individual will not be just dreams and promises but realities as proven by our previous completers and graduates. They have the needed competencies and ready to face the next higher level of education and new chapter of their lives. They can do that through their creative and critical way of thinking.

The road to success is not that easy, you will pass through different cross roads and challenges on your way, but with your hard work, dedication, and will to survive, success will be within your reach.

Again, my Congratulations and Mabuhay.
