DEPARTMENT OF EDUCATION - REGION 4A

Greetings!

The **UP Environment and Tourism Society (UP Ecotour)** from the University of the Philippines Diliman will be conducting the **National Congress on Environmental Sustainability (NCES)**, a whole-day event composed of different activities geared towards promoting awareness regarding pertinent environmental issues, sustainable and cultural development, and inculcation of the arts.

As a leading student organization in the University since 1996, UP Ecotour never ceased dedicating itself to various projects and initiatives that help raise **awareness about environmental protection and conservation through sustainable tourism** and development. It focuses on **advocating for change** toward responsible consumption and production behaviors and environmental and cultural consciousness for the people and the planet.

UP Ecotour shall hold NCES 2024 on **April 20, 2024 (Saturday)** from **8 AM to 5 PM** at the **School of Statistics Auditorium, University of the Philippines Diliman, Quezon City.**

With these goals and on behalf of the organization, we humbly request your good office for support and recommendation of NCES 2024. We would like to request a DepEd advisory for an official announcement of our event to all the schools within your **[region/city/province]**.

For more information on NCES 2024, attached herewith is the primer of the event. For questions and other matters, you may contact us through our email address **nces.ecotour@gmail.com**. We are confident that, with your help, we can take our advocacies further as we create bigger projects not only for the organization but for the benefit of the environment and tourism of our country.

We look forward for you favorable response. Thank you!

For a sustainable tomorrow,

UP ENVIRONMENT AND TOURISM SOCIETY

DEPED ADVISORY FOR THE NATIONAL CONGRESS ON ENVIRONMENTAL SUSTAINABILITY (NCES) 2024

MEMORANDUM

No. _____s, 2024

SUBJECT: **NATIONAL CONGRESS ON ENVIRONMENTAL SUSTAINABILITY (NCES) 2024**

TO: **School Divisions Superintendents
Heads, Public and Private Secondary Schools
All Others Concerned**

1. The organization, **UP Environment and Tourism Society**, from the University of the Philippines Diliman announces the **National Congress on Environmental Sustainability (NCES) 2024** with the theme "Initiating Climate Action towards a Sustainable Tomorrow" to be held on **April 20, 2024** at the **School of Statistics Auditorium, UP Diliman, Quezon City**.
2. The UP Ecotour is a non-profit, non-sectarian, non-partisan, and advocacy organization from the Asian Institute of Tourism of UP Diliman committed to create awareness and promote ecotourism and the further integration of tourism development and environmental protection and preservation. The organization promotes the empowerment of the youth and the recognition of their role towards championing environmental advocacies and achieving the United Nations' Sustainable Development Goals (SDGs).
3. NCES 2024 aims:
 - to provide a platform for the youth to actively contribute to building a sustainable society
 - to empower delegates to think, act, and create visions grounded in the concept of sustainable development
 - to foster camaraderie and connection between delegates and practice collaboration
 - to address environmental issues and lessen the impacts of climate change to guarantee the preservation of biodiversity, the protection of ecosystems, and the welfare of the present and future generations; and
 - to become an investment both for the Earth and mankind as we nurture a generation of environmentally conscious individuals through raising awareness, understanding, empowerment, and critical thinking.
4. NCES 2024 is comprised of the following events:
 - Plenary Discussions
 - Domestikwhiz
 - kaLIKHsan Art Competition

WHO WE ARE

UP Environment and Tourism Society (UP Ecotour) is committed to protect and preserve the environment, and is cognizant of the need to create awareness and promote ecotourism among its fellow students and countrymen.

The organization also connects its mission and objectives to the greater public by organizing seminars and programs whose beneficiaries range from street sweepers, public high schools, and agencies who are in need of help or simply those people who are driven by environmental causes.

FLAGSHIP EVENTS

ROCKALIKASAN

ROCKALIKASAN is an annual event created as a celebration for Earth Day. It is a balance of work and play – creating awareness of various environmental issues and enjoying the beats of local music. Every year, Rockalikasan chooses a beneficiary to whom a huge portion of the proceeds is given.

Rockalikasan 2023 was held in Fitness Playground PH with over 200 attendees and six (6) rising local performers. For the Future, a youth-run NGO with the goal of providing environmental action to the Filipino youth served as its beneficiary.

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

FLAGSHIP EVENTS

ECOTOURISTA

ECOTOURISTA is an annual coastal or mountainous cleanup activity that promotes sustainability and preservation. Following this year's theme, "Into the Thick of It: An Exploration of the Philippines' Flora and Fauna," the organization held Ecotourista 2023: Lakbay-Linang sa Kalikasan last December 18, 2023 at the Las Piñas-Parañaque Wetland Park (LPPWP).

It is a protected area in Manila Bay that serves as a critical habitat for various flora and fauna, a sanctuary for both local and migratory birds, a spawning habitat for fish, and a vital ecosystem service for urban communities. The event also included educational discussions, attended by the members of the organization and Batch 23A applicants to raise awareness about the state of LPPWP and other similar areas.

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

SMALL SCALE EVENTS

ECOTREESTA

ECOTREESTA is a one-day event that incorporates tourism with environmental action. The organization visited one of the remaining green open spaces in Metro Manila to understand its situation better. Envisioning a harmonious relationship between tourism and the environment, the preservation of green spaces and communities is a step towards more walkable cities and sustainable transportation.

Ecotreesta 2023 was held last July 22, 2023, at UP Arboretum, a man-made forest park within the grounds of the University of the Philippines Diliman. It is one of the most significant green places in Quezon City, with 18 hectares of almost 500 unique and exotic trees, as well as a diversity of fauna and flora.

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

SMALL SCALE EVENTS

ECOSKOOL

ECOSKOOL is an initiative that aims to teach children the basics of the environment and its current state in our country; and how their actions can contribute to its preservation at such an early age.

ECOCARAVAN

ECOCARAVAN is an internal event that aims to widen the knowledge of UP Ecotour members on different activities that can be helpful to the environment.

ALTERNATIVE CLASSROOM LEARNING EXPERIENCE

ALTERNATIVE CLASSROOM LEARNING EXPERIENCE (ACLE) is a public event wherein chosen speakers tackle issues ranging from pop culture, fashion trends, media, etc. and how these are related to the preservation of the environment.

University of the Philippines Diliman, Quezon City

PREVIOUS BENEFICIARIES

FOR THE FUTURE

UP Ecotour's **Rockalikasan 2023: ATTUNED - a Benefit Concert** focused on rekindling awareness and advocacy for environmental protection and sustainable development. The event aims to empower college students and working individuals to actively contribute to solutions through the universal medium of music. We partnered with **For the Future Philippines**, a youth-led non-governmental organization (NGO) established in 2019 that originated as a small reforestation project. With a simple goal to create a better future for everyone, they have mobilized to over 60 areas across the Philippines and have raised \$400,000. Over half of its operational expenses are covered by donations and grants to support its diverse projects, including tree planting, student sponsorship, food security, immediate aid, community support, and wildlife conservation. **The organization envisions a self-sustainable Philippines, preserving nature and empowering communities**, and UP Ecotour's raised funds play an important role in supporting these initiatives and forwarding the cause of environmental protection.

UP ARBORETUM

EcoTreesta 2023 centered its efforts on **UP Arboretum**, a man-made forest park on the Diliman campus of the University of the Philippines. Covering 18 hectares and featuring nearly 500 unique and exotic trees, as well as a rich variety of fauna and flora. It has evolved from a wildlife sanctuary to a community housing around 6,000 residents, including the designated area known as Pook Arboretum. The organization aimed to foster a harmonious relationship between tourism and the environment, actively promoting awareness and advocating for the preservation of green spaces in cities and communities. The organization also played a role in seed and tree planting efforts. **Recognizing the urgency of creating more natural spaces for an enhanced quality of life in urban areas**, UP Ecotour remains committed to its journey with UP Arboretum, emphasizing the need for preservation in compliance with legislation.

University of the Philippines Diliman, Quezon City

OUR PROPOSAL

WHAT WE OFFER

Having been successful for the past 22 years, **Domestikwhiz** is prized by UP Ecotour as its biggest flagship project. This annual educational campaign specifically aims to (1) encourage the appreciation and promotion of domestic tourism among the youth, and (2) foster camaraderie among universities.

Since its debut in 2002, Domestikwhiz has provided a platform where students from the Tourism and Hospitality sector to showcase their knowledge, ideals, and awareness. The event has proven itself to be dynamic, capable of adapting itself to the most current situation affecting both the environmental and tourism sectors of the Philippines. In previous years, Domestikwhiz has continually evolved with an increasing number of participating schools. In our efforts to surpass limits and promote environmental sustainability to our participants and stakeholders, we introduce the **National Congress on Environmental Sustainability (NCES)**.

NATIONAL CONGRESS ON ENVIRONMENTAL SUSTAINABILITY

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

OUR PROPOSAL

ABOUT NCES

The **National Congress on Environmental Sustainability (NCES)** is a whole-day event composed of different activities geared towards promoting awareness regarding pertinent environmental issues, sustainable and cultural development, and the appreciation of the arts. With the objective of the youth to drive change, the key goals of NCES are aligned with addressing the various 2030 Sustainable Development Goals (SDGs) set by the United Nations.

The last edition of NCES was held in 2020 at the School of Statistics Auditorium, University of the Philippines Diliman with over 200 attendees from diverse high schools, universities, and organizations. After a four-year hiatus due to the COVID-19 pandemic, NCES' comeback is expected to involve more students and members of the academe in enjoining us with our advocacy of environmental protection through tourism.

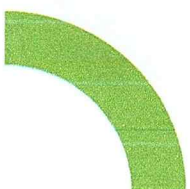

Aligned with our initiative to become catalysts of change, we envision an event with around 300 attendees that will not only increase the significance of environmental sustainability but will also underscore the impact of the youth in addressing global-scale issues.

**THIS IS SUSTAINABLE TOMORROW.
THIS IS NCES 2024.**

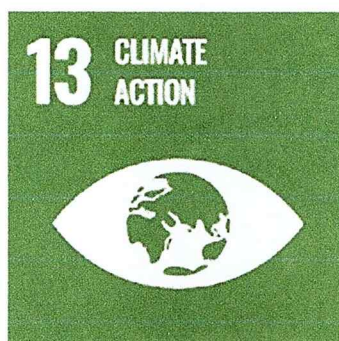

NATIONAL CONGRESS ON ENVIRONMENTAL SUSTAINABILITY

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

OUR PROPOSAL

Initiating Climate Action towards a Sustainable Tomorrow

NCES 2024 aims to provide a platform for the youth to actively contribute to building a sustainable society. The congress will focus on the Sustainable Development Goals (SDGs), empowering delegates to think, act, and create visions grounded in the concept of sustainable development.

This year, **SDG 13 (Climate Action)** will be the highlight to amplify the call for **#ClimateActionNow**. This is to address environmental issues and lessen the impacts of climate change to guarantee the preservation of biodiversity, the protection of ecosystems, and the welfare of the present and future generations. By taking action, we support international initiatives to reduce greenhouse gas emissions, promote cleaner energy sources, and build a more resilient planet. In the end, NCES is an investment both for the Earth and mankind as we nurture a generation of environmentally conscious individuals through raising awareness, understanding, empowerment, and critical thinking – a step to **initiate climate action towards a sustainable tomorrow**.

ABOUT THE PROGRAM

DOMESTIKWHIZ

Domestikwhiz is the flagship event of the organization. It is an inter-university quiz bee held to promote domestic tourism and to foster camaraderie among college students, as they are among the stakeholders and the future of the tourism industry. With the expansion of the event into the National Congress on Environmental Sustainability, Domestikwhiz now becomes a highlight event of the congress.

PLENARY DISCUSSIONS

Included in the NCES 2024 program are **plenary discussions** that are geared toward fostering environmental protection and cultural awareness. These are a series of short and carefully prepared talks and presentations delivered by esteemed speakers in the industry focusing on topics grounded in situating the role of the youth in the future and sustainable development.

KALIKHASAN

The **kaLIKHASan** is an art competition that aims to show the intersection of environmental protection and cultural heritage online. By integrating the Philippine culture and environment, the participants of this competition will aim to answer the question, "How can we shape a sustainable future for our cultural heritage and environment?" with a poster to be posted on online platforms. This will serve as an avenue for artists to raise environmental awareness and advocate sustainability through their craft.

NATIONAL CONGRESS ON ENVIRONMENTAL SUSTAINABILITY

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

DOMESTIKWHIZ GUIDELINES

CONTESTANTS

- 1.The school may send at most three (3) teams with three (3) students in each team.
- 2.Only one (1) coach must accompany the team/s.
- 3.Only students registered for the competition will be allowed to join. Hence, substitution will be prohibited during the competition proper.

COACH

- 1.The coach must be a faculty member of the college/university.
- 2.The coach shall be the only authorized person to file protests or complaints to the Board of Judges and Programs Committee during instances in the contest.
- 3.They shall be the only authorized school representative who shall participate in decision-making for special cases.

CONTEST PROPER

- 1.The coverage of the quiz bee shall include current and past events related to environmental sustainability both local and international; as well as topics associated with sustainable tourism development, and domestic tourism.
- 2.There will be three (3) rounds - elimination, semi-final, and final.
- 3.The elimination round will be a written examination conducted simultaneously with the speakers' talks while the semi-final and final rounds will be conducted live on stage.
- 4.During the semi-final and final round, overseers will be positioned alongside each participating team.

NATIONAL CONGRESS ON ENVIRONMENTAL SUSTAINABILITY

Asian Institute of Tourism, Commonwealth Avenue,
University of the Philippines Diliman, Quezon City

DOMESTIKWHIZ GUIDELINES

CONTEST PROPER

5. Colored flags will be used to indicate the answers:

- Green - Correct Answer
- Red - Incorrect Answer
- Yellow - No Answer

6. Quiz Bee Rounds:

ELIMINATION ROUND

- There will be fifty (50) questions for the Elimination Round.
- Teams will be given ninety (90) minutes to answer the written exam.
- Each correct answer is worth one (1) point.
- At the end of the Elimination Round, only ten (10) teams with the highest accumulated points will advance to the Semi-Final Round.

SEMI-FINAL ROUND

- There will be fifteen (15) questions for the Semi-Final Round.
- Teams will be given fifteen (15) seconds to answer each question.
- Each correct answer is worth three (3) points.
- At the end of the Semi-Final Round, only five (5) teams with the highest accumulated points will advance to the Final Round.

FINAL ROUND

- There will be ten (10) questions for the Final Round.
- Teams will be given thirty (30) seconds to answer each question.
- Each correct answer is worth five (5) points.
- There will be ten (10) questions for the Final Round.
- Teams will be given thirty (30) seconds to answer each question.
- Each correct answer is worth five (5) points.
