**Dear Dir. Cabral,**

Greetings of Peace!

Beyond Books Publication, a Philippine based book publishing situated at Macabebe, Pampanga will hold series of webinar session also known as Research Talks on for the Subjects Inquiries, Investigation and Immersion and Practical Research I (MELCS based) beginning 17<sup>th</sup> of March 2021 to December 2021. Moreover, a Demonstration Teaching Festival for all Subjects Areas will also be conducted from April 2021-December 2021 that will provide a venue for teachers to show case different strategies and mechanism that will enhance the teaching and learning experiences of students especially those connected to the new normal and the distance learning modalities.

The activity supports the continuing professional development of teachers as stated in DepEd Order No. 42, series of 2017 or the Philippine Professional Standard for Teachers (PPST) which recognizes and supports teacher vital role in raising student achievement by enhancing quality education for sustainable nation building. The standards described the expectations of teachers' increasing levels of knowledge, practice and professional engagement.

The said activity aims to: (1) provide an opportunity for teachers to have a benchmarking on best practices of teachers teaching the subject; (2) give teachers an opportunity to interact with experts in the field of specialization; (3) collaborate with teachers for an exchange of ideas in terms of pedagogies and strategies (MELCS Based) considering geographical setting in teaching the subject; (4) build networks with teacher-researchers, scholars and experts; and (5) create a group of highly esteemed professional promoting a global standard of education.

For students, this activity aims to: (1) advance their learning on Inquiries, Investigation and Immersion and Practical Research 1; (2) provide an avenue for interaction among student researchers; and (3) strengthen the principle of research-based education in the senior high school years.

In lieu of the foregoing, the undersigned would like to seek an ADVISORY from your office to enjoin DepEd teachers to participate in the above activity. Details of the webinar series and demonstration teaching are available in the Facebook Page of Beyond Books Publication or may contact via email at [beyondbookspublication2018@gmail.com](mailto:beyondbookspublication2018@gmail.com) and mobile number at (+63) 933 556 4886.

Thank you very much. Your response is very much appreciated.

### **HIRING GUIDELINES FOR REMAINING DEPED TEACHER I POSITIONS**

The number of points attained for each of the fifteen (15) listed components shall be added and then divided by sixty (60). The quotient shall then be multiplied by 0.15 or 15%. The product shall then be multiplied by 100.

Example:

Sum of points attained for the 15 components = 45

$[(45 / 60) \times 0.15] \times 100 = 11.25$

Score for Demonstration Teaching = 11.25 / 15

4. Students' Response to Activities	All students are cognitively engaged in the activities and in their exploration of content. Students initiate or adapt activities and projects to enhance understanding.	Most activities are appropriate to students. Almost all students are cognitively engaged in them.	Some activities are appropriate to students and engage them cognitively but others do not.	Activities are inappropriate for students in terms of their age or backgrounds. Students are not engaged mentally.
5. Learning Activities	Learning activities are highly relevant to students and instructional objectives and key concepts. They progress coherently, producing a unified whole and reflecting recent professional research.	Most of the learning activities are suitable to students and instructional objectives and key concepts. Progression of activities in the unit is fairly even, and most activities reflect recent professional research.	Only some of the learning activities are suitable to students or instructional objectives and key concepts. Progression of activities in the unit is uneven, and only some activities reflect recent professional research.	Learning activities are not suitable to students or instructional objectives and key concepts. They do not follow an organized progression and do not reflect recent professional research.
