INTERNATIONAL TRAINING / SEMINAR / WORKSHOP ON THE TRANSITION OF SENIOR HIGH SCHOOLS IN THE K TO 12 CURRICULUM WITH THE THEME: "EQUIPPING THE 21ST CENTURY TEACHERS ON TEACHING THE SOFT SKILLS TO SENIOR HIGH SCHOOL"

April 14, 2016

DR. DIOSDADO M. SAN ANTONIO
Regional Director
CALABARZON

Sir:

The Philippine Professional Linkage from Various Discipline, Inc. will conduct an International Training / Seminar / Workshop on the Transition of Senior High Schools in the K To 12 Curriculum with the theme: "Equipping The 21st Century Teachers On Teaching The Soft Skills to Senior High School" on April 22-24, 2016 at STIARC, Lipa City.

I. Rationale:

This coming SY 2016 onwards is the full implementation of the much-awaited and controversial K – 12 Curriculum is now a law. Whether the teachers, parents and students may seem not to like it, because they may not really understand the goodness of this program, it will be in full implementation.

Hence, teachers must understand and accept the complexity of their work.

To begin is really not easy but once the teachers have embraced the program, they will soon be used to it, and later on will cherish it.

The senior transition is not that easy. One must have to undergo rigid training. Although one has already undergone training, there are those who cannot still catch up.

This seminar-workshop focuses on equipping the teachers on K-12 Curriculum Transitions thru integration of soft skills which are also known as the 21st century skills. Participants will be engaged in workshops to promote integrative experience in handling and will also paved a way into preparing the new general education curriculum as mandated by CMO 20 series 2013.

This seminar is very timely and helpful because the speakers will not leave participants until they will really fully understand the core-curriculum and how the transition will work. The speakers are trained and mastered the topics and are really fit to be the speakers on today's training.

II. Dates & Venue: April 22-24, 2016 at STIARC, Lipa City

III. The Seminar Aims to:

1. Train participants on the senior high school core curriculum.

1. Teaching the 21st Century Teachers on the Transitional Knowledge on the Subject of the Senior High School Students.
