Re : 6<sup>th</sup> De La Salle University Senior High School Research Congress

Greetings in St. La Salle!

We are pleased to invite you to the **6th DLSU SHS Research Congress** to be held virtually on **June 11 and 13, 2024**, with the theme: "*Frontiers in Artificial Intelligence: Traversing the Realm of AI for a Smarter and More Sustainable Future.*" **This year's Congress is open to all interested students and faculty, free of charge!**

The **DLSU SHS Research Congress** is the largest annual gathering of senior high school research mentors and students in the country. This Congress is a venue for research-based ideas, business concepts and products, and art performances and exhibitions from the capstone projects of senior high school students. The 6th DLSU Research Congress is fueled not only by the growing reliance on artificial intelligence in academia but also by DLSU Integrated School's unwavering dedication to sustainability, encapsulated in the event's theme. In recognizing the societal inclination towards instant gratification and mindless consumption, the Congress also advocates for the welfare of future generations, urging the present generation to act as stewards of today's resources. It seeks to explore how we can navigate the realm of AI productively and sustainably, mitigating potential consequences.

Highlighting a paradigm shift in problem-solving, the Congress is anchored on the transformative potential of powerful technologies when wielded responsibly. These technologies provide unprecedented access to computing power, enabling us to scale, predict, and innovate, ultimately guiding us toward novel solutions, leading to a smarter and more sustainable future.

## Frontiers in Artificial Intelligence: Traversing the Realm of AI for a Smarter and More Sustainable Future

The **DLSU SHS Research Congress** is committed to advancing sustainably and consciously while recognizing the significance of innovation, bridging faith and scholarship, and emphasizing the role of research in maximizing available technologies. As Industry 5.0 places a premium on human impact, integrating innovation and sustainability in education ensures a proactive approach to navigating the frontiers of advancement.

**We are excited to have your school participate in the Congress.** For further details, you may refer to the [6th DLSU SHS Research Congress Primer](#). Since the **registration for the Congress is done per school**, all interested schools must complete this [School Registration Form](#).
