**2-DAY ONLINE CYBER BREACH RESPONSE SIMULATION TRAINING FOR
INCIDENT RESPONSE AND TECHNICAL TEAMS**

The Yisrael Solutions and Training Center, Inc. invites interested participants on the 2 Day Online Cyber Breach Response Simulation Training for Incident Response and Technical Teams with respective schedules from April to June 2026. This program is specifically designed to strengthen the operational readiness of Incident Response and Technical Teams across public and private sector organizations.

Please be advised that participation to the said activity should be **voluntary**, and other related costs which may be incurred by the applicants shall be on **personal expense**. They are also reminded to **strictly observe Time-On-Task Policy**, and **strict compliance to No Disruption of Classes Policy of the Department as stipulated in DepEd Order No. 09, s. 2005**.

For further details, please see attached document for reference.

YISRAEL SOLUTIONS AND TRAINING CENTER, INC.

SUBJECT: "INVITATION TO ATTEND A 2- DAY ONLINE CYBER BREACH RESPONSE SIMULATION TRAINING FOR INCIDENT RESPONSE & TECHNICAL TEAMS"

Dear Sir/Madam,

Warm greetings.

We respectfully invite your esteemed organization to participate in our upcoming **2-Day Online Cyber Breach Response Simulation Training for Incident Response and Technical Teams**.

In today's rapidly evolving digital landscape, cyber incidents are no longer a question of "if," but "when." Both government agencies and private sector organizations are increasingly targeted by sophisticated threats, including ransomware attacks, advanced persistent threats (APTs), insider risks, and social engineering campaigns. Such incidents can significantly disrupt operations, compromise sensitive data, and damage public trust and corporate reputation. Effective cyber breach response therefore requires not only technical expertise, but also strong coordination, timely decision-making, structured investigation procedures, and disciplined containment strategies.

This training program is specifically designed to strengthen the operational readiness of Incident Response and Technical Teams across public and private sector organizations. Through guided practical exercises and a live breach simulation scenario, participants will apply structured response methodologies, analyze real-world attack patterns, and enhance their capabilities to detect, contain, investigate, and recover from cybersecurity incidents in a controlled and realistic environment.

We believe this program will provide valuable insights and hands-on experience that will further reinforce your organization's cybersecurity posture and incident response capabilities.

Below are the online workshop class programs/modules:

| DAY 1 | | | |
|--------|---|-------------------|---|
| MODULE | TOPIC | PERIOD | OBJECTIVES |
| 1 | Threat Landscape & Incident Response Framework Overview | 9:00 – 10:00AM | Overview of modern cyber threats, breach lifecycle, and structured incident response methodology. Simulation briefing, team roles assignment, and rules of engagement. |
| 2 | Attack Vector 1 – Unauthorized Access & Credential Compromise | 10:00AM – 12:00NN | Analysis of brute force, password spraying, and privilege escalation. Parallel Simulation: Investigate suspicious login patterns, assess impact, implement credential containment, and recommend hardening controls. |

YISRAEL SOLUTIONS AND TRAINING CENTER, INC.

| | | | |
|---|---|------------------------|---|
| 3 | Attack Vector 2 – Phishing & Social Engineering | 1:00 – 3:00PM | Technical breakdown of phishing attacks, credential harvesting, and initial compromise techniques. Parallel Simulation: Teams analyze phishing artifacts, trace compromise path, perform triage, and implement containment steps. Debrief & lessons learned. |
| 4 | Attack Vector 3 – Malware & Ransomware Intrusion | 3:00PM – 4:30PM | Understanding malware execution, lateral movement, and encryption behavior. Parallel Simulation: Log review, IOC identification, containment decisions, isolation strategy, and recovery planning. Debrief & improvement discussion. |

| DAY 2 | | | |
|---------------|--|--------------------------|--|
| MODULE | TOPIC | PERIOD | OBJECTIVES |
| 5 | Attack Vector 4 – Web Application Exploitation (SQL Injection/ Web Server Hacking) | 9:00 – 10:00AM | Technical walkthrough of web exploitation techniques and attacker objectives. Parallel Simulation: Analyze web logs, detect injection attempts, determine data exposure risk, and implement mitigation controls. |
| 6 | Attack Vector 5 – Network-Based Attacks (Sniffing, Lateral Movement, Data Exfiltration) | 10:00AM – 12:00NN | Understanding packet capture exploitation, internal reconnaissance, and data exfiltration patterns. Parallel Simulation: Network log analysis, identifying abnormal traffic, containment strategy, and evidence preservation. |
| 7 | Incident Response Management | 1:00 – 4:00PM | Focus on the structured IR lifecycle: Preparation, Identification, Containment, Eradication, Recovery, and Lessons Learned. |

ZOOM ONLINE SCHEDULES FOR THE YEAR 2026

APRIL 22-23 MAY 13-14 JUNE 9-10

PROMO ALERT! PROMO ALERT! PROMO ALERT!

REGISTRATION FEE:

1 - 2 Participants
4,500.00 per Participant for three (2) days.

3 & more Participants
4,000.00 per Participant for three (2) days.

YISRAEL SOLUTIONS AND TRAINING CENTER, INC.

Registration and Payment Details

Kindly complete the attached Confirmation Form, indicating the list of participants, and email it to christopher@yisraelsolutions.com to confirm your workshop schedule.

Please deposit the payment and email a copy of the deposit slip for verification. Upon confirmation of payment, the meeting ID and password will be sent to your registered email address.

Payments should be made under the account name:
YISRAEL SOLUTIONS AND TRAINING CENTER INC.

We also offer in-house workshops, wherein your office may organize participants within your region for a dedicated online session. Should you be interested, please contact us through the numbers provided below for further coordination.

For inquiries and/or clarification, please contact us by email at christopher@yisraelsolutions.com (attention to Christopher Sentin); or through text at mobile number 0968-595-9169(Smart)

We look forward to your favorable response and the opportunity to support your organization's cybersecurity readiness initiatives.

We hope to see you in our online workshops!

Respectfully yours,

REBECCA M. SANTOS
CEO/President

YISRAEL SOLUTIONS AND TRAINING CENTER INC.

Enclosed herewith are Implementing Rules and Regulations of Republic Act No. 10175, Otherwise Known as the "Cybercrime Prevention Act of 2012 and NPC Circular 16-03 for your reference. The said Republic Act and circular are accessible to the public, hence, should not be regarded as an endorsement to the person or entity affixing it.

IMPORTANT REMINDER: After completing your reservation and payment, please wait for further updates regarding the finalization of your training schedule before booking a flight or any mode of transportation and accommodation. We will keep in touch as soon as the schedule is finalized not later than a week before the training schedule.

PRIVACY STATEMENT

We are committed to maintaining the accuracy, confidentiality, and security of your personally identifiable information ("Personal Information"). As part of this commitment, our privacy policy governs our actions as they relate to the collection, use, and disclosure of Personal Information.

We are responsible for maintaining and protecting the Personal Information under our control. We have designated an individual or individuals who is/are responsible for compliance with our Privacy Policy.

Personal information will generally be collected directly from you through the use of any of our standard forms, over the internet, via email, or through a telephone conversation with you. We may also collect personal information about you from third parties acting on your behalf (for instance, agents or contact person).

ATTENTION TO: Christopher Sentin
