Dear Mr. Bautista:

The Philippine-American Education Foundation (PAEF), which serves as the Fulbright Commission in the Philippines, is a bi-national commission that administers the prestigious Fulbright program – an international and cultural exchange program that awards scholarship grants for Filipino graduate students, professionals, teachers, and researchers in the United States. The Fulbright program aims to increase mutual understanding and build bilateral relations between the people of the United States and the Philippines through study, teaching, research, and fellowship grants. PAEF also administers the Hubert H. Humphrey Fellowship Program and Global Undergraduate Exchange Program.

We are pleased to inform you that our team will be traveling to Quezon for a series of information sessions to promote the Fulbright program. Each session will provide valuable information to students, professionals, teachers, and researchers about the various U.S. scholarship opportunities available to them. We believe these sessions will be highly beneficial to your school teachers in the province.

With this said, we would like to request assistance in disseminating this information to the teachers and other school institutions within the province. Please refer them to the following Fulbright information sessions:
