Dear Sir/Madam,

Greetings! Math Olympiads Training League would like to invite Students from your division to join the Hong Kong International Science Olympiad (HKISO) Heat Round Philippines. Hong Kong International Science Olympiad (HKISO) is an International Science Competition held annually around the world. It consists of 4 main categories: Physics, Biology, Chemistry & Integrated Science.

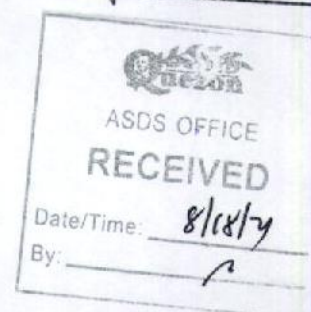

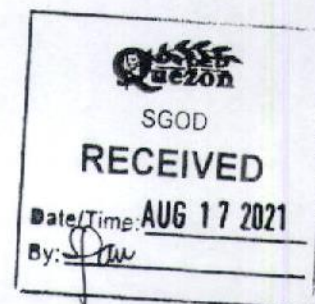

HKISO is for students from Grade 2 to Grade 10. It follows closely with Hong Kong School Science Syllabus and tests what students have learned on their level of content. This allows participants to well-prepare in different categories and to know their strengths and weaknesses.

Winners from HKISO Heat Round can have a chance to work with participants from different countries and try out some experiments altogether in Singapore. HKISO is a collaboration with National University of Singapore.

We also offer training program called VTASP V.2.0 (Virtual Topic-Appropriate Science Program) in preparation for HKISO Heat Round Contest. For more details, please see attached invitation letter. God Bless and Stay safe.
