**Department of Education**  
 Region IV-A  
 SCHOOLS DIVISION OF QUEZON PROVINCE

**DIVISION ADVISORY NO. 119, s. 2021**  
 31 August 2021

In reference to the request of the **Gokongwei Brothers Foundation (GBF)** to disseminate information regarding their **GBF TeachSTEM Master's Degree Scholarship Program**, this Advisory is issued for the information of all the Public Schools District Supervisors, Public Elementary and Secondary School Heads Teaching and Non-Teaching Personnel and all others concerned.

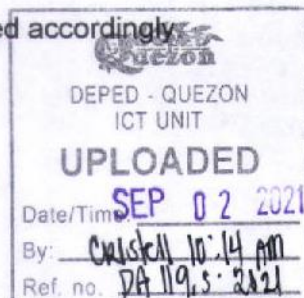

**GBF TEACHSTEM MASTER'S DEGREE SCHOLARSHIP PROGRAM**

The **Gokongwei Brothers Foundation (GBF)** is a family foundation that aims to improve learning through educators' professional development, particularly in the field of Science, Technology, Engineering and Mathematics (STEM). In this regard, the GBF offers their **TeachSTEM Master's Degree Scholarship Program** to support educators in acquiring master's degree in education majoring in Science, Technology or Mathematics. The said program is open to educators currently serving in K to 12 public schools or any tertiary institution teaching STEM-related subject/course.

Those who are interested in availing the said program are advised to see the attached letter of invitation for other pertinent information.

Participation to the said program should be **voluntary**, and related cost which may be incurred by the participants shall be on **personal expense or sourced from a legitimate local government unit donor**. Participants are also reminded to **strictly observe Time-On-Task Policy**, and **strict compliance to No Disruption of Classes Policy** of the Department as stipulated in DepEd Order No. 09, s. 2005.

Please be guided accordingly.

**ELIAS A. ALICAYA JR., EdD**  
 Assistant Schools Division Superintendent  
 Officer-In-Charge  
 Office of the Schools Division Superintendent

**Mr. Elias A. Alicaya, Jr.**  
OIC-Superintendent  
Department of Education  
Quezonph

Dear Mr. Alicaya,

Greetings from **Gokongwei Brothers Foundation (GBF)**.

GBF is a family foundation that aims to make significant impact on Philippine education, particularly in the field of *Science, Technology, Engineering and Mathematics (STEM)*.

With our thrust of helping improve learning through educators' professional development, we are expanding our scholarship program for teachers. We would like to request for your support in increasing awareness about the program, particularly the **GBF TeachSTEM Master's Degree Scholarship Program**.

The **GBF TeachSTEM Master's Degree Scholarship Program** supports educators to acquire their master's degree in education majoring in science, technology or mathematics.

The program is open to educators currently serving in K to 12 public schools or any tertiary institution teaching any STEM-related subject/course.

They can avail of this scholarship in our identified Teacher Education Institutions (TEIs) who have shown excellence in teacher education. The attached program brief details the scholarship benefits and eligibility requirements. The updated list of partner institutions can be viewed via this link: <https://tinyurl.com/TeachSTEMTEIs>.

Recognizing our shared interest in helping our teachers improve, we would like to request for your help in promoting our scholarship program in your division by posting attached materials in relevant platforms you may have (i.e. website, social media pages, etc.). This will help us identify potential scholars who we hope to partner with us in achieving this goal. Deadline for application is on August 31, 2021 and we would appreciate immediate dissemination.

We will also appreciate direct referrals. They may send to us their queries, or you may send to us their contact details.

I will be glad to discuss this request at your convenience should you have any questions. Thank you and look forward to hearing from you.

# GBF TEACHSTEM MASTER'S DEGREE SCHOLARSHIP PROGRAM

## RATIONALE

The Gokongwei Brothers Foundation (GBF) has dedicated itself to contributing to the country's progress by providing underprivileged but deserving students with access to education, especially in the fields of *Science, Technology, Engineering, and Mathematics (STEM)*. International studies like the Program for International Student Assessment (PISA) reflect Philippine performance in math and science to be at the bottom among other countries<sup>1</sup> and that a 4.4 year learning gap in higher education exists between the Philippines and the highest performing educational systems.<sup>2</sup> GBF seeks to strengthen educators' professional development, create content, and scale access to quality education. One of the ways that GBF aims to reach its ambition of benefiting 10,000 educators and 1,000,000 learners by 2025 is through the TeachSTEM Scholarship Program.

## PROGRAM DESIGN

Recognizing the significant role of educators in building the future of our next generation, the TeachSTEM Master's Degree Scholarship Program was established to **develop and strengthen quality STEM education and create a STEM-oriented culture among Filipinos**. It supports current K-12 science, technology, and mathematics teachers as well as college instructors teaching a STEM-related course acquire their master's degree.

To date, GBF supports a total of 21 master's students completing a degree in Education specializing in the fields of Science, Technology, and Mathematics who are expected to serve in the K-12 or tertiary education after completion of their respective programs.

## TEI PARTNERS

Recognizing that the work cannot be done alone, GBF partners with **Teacher Education Institutions (TEIs)** that have proven to be centers of excellence. Applicants to both programs undergo a rigorous screening process and retain their scholarship by maintaining excellent academic performance. To date, we have a total of 15 partner TEIs across the Philippines.

# GBF TEACHSTEM MASTER'S DEGREE SCHOLARSHIP PROGRAM

## SCHOLARSHIP BENEFITS AND RETURN SERVICE

Upon admission to the scholarship program, the scholar will be provided with a fixed financial grant of Php 65,000.00 per academic year and scholar support programs such as mentoring and professional development opportunities. Upon finishing his/her master's degree, the scholar must continue to be an educator in the Philippines for a period equivalent to duration of his/her scholarship.

## ELIGIBILITY REQUIREMENTS

Any bonafide student who has undergone and passed the Partner TEI's admission process may apply to the Scholarship Program provided that the applicant meets the following minimum requirements:

- An incoming or current graduate student in education specializing in STEM in any of GBF's partner Teacher Education Institution
- Is working as a K-12 public school teacher or a college instructor teaching a STEM-related course for a minimum of one (1) year with permanent employment status
- Has at least a "satisfactory" teacher rating performance from previous year
- Must not have yet completed course subjects and/or comprehensive exam
- If a continuing student, has no failed, dropped, or incomplete grade from the previous academic year
- Must carry an academic load of at least six (6) units and complete program within the prescribed period
- Preferably not a recipient of a scholarship from other institutions or persons
- Must be in good health
- Is of good moral character
- Requires financial support for studies

## DOCUMENTARY REQUIREMENTS

- Copy of PRC ID
- Proof of enrolment or admission
- Certificate of employment
- Transcript of records or true copy of grades
- Certificate of good moral character
- Proof of household income (three most recent pay slips, income tax return, tax exemption, certificate of indigency, or certificate of low income)
- Colored ID photo with white background

*Applicants who will meet eligibility requirements are required to submit the following:*

- Medical certificate
- Recommendation Form
- Student Portfolio
