FRANCIS CESAR B. BRINGAS

Regional Director

Department of Education Region IV-A

Philippines

Dear Mr. Bringas,

Greetings of peace and good health from the **Harvard Humanitarian Initiative (HHI), Harvard University!**

The Program on Resilient Communities at the HHI has been learning from communities in the Philippines since 2017 with a focus on disaster preparedness, climate change, and public health. Communities that are marginalized and/or live in fragile spaces are at greater risk of the impacts of climate change and disaster. This vulnerability has increased as a result of the COVID-19 pandemic. This knowledge challenges us to continue to expand our area of expertise and find partners who can help us engage with these marginalized communities and represent their specific needs.

We are inviting researchers and authors to submit research papers on the experience of any marginalized or vulnerable communities in the Philippines during the pandemic. **The submission deadline is on September 20, 2021 (Philippine time).** Authors will get a chance to present their papers at an online symposium hosted by the HHI in October 2021. The complete details can be found on the HHI website: <https://hhi.harvard.edu/call-for-papers-COVID>

In line with this, we would greatly appreciate it if your good office could help us spread the word on this exciting opportunity for Filipino researchers, educators, students, and authors.

For regular updates on this activity, interested parties may follow us on social media: Facebook | Twitter | Instagram. For inquiries, please feel free to contact me anytime.

Thank you very much for your support and we are looking forward to any potential collaboration with the Department of Education (DepEd) in the future!

The City of Baguio was designated by UNESCO as a Creative City for Crafts and Folk Arts on 31 October 2017 – the FIRST Philippine City to be vested with the distinct honor of being part of the UNESCO Creative Cities Network's (UCCN) whose mission is to raise awareness on the power of creativity and innovation in building sustainable cities. In April 2019, the City Government of Baguio organized a multi-stakeholder participatory planning workshop to map out in more detail the commitments and plans of the City as UNESCO Creative City. The workshop participants collectively identified six (6) Key Result Areas (KRAs). This presentation aims to identify and discuss the outcomes, as of the present, more than three (3) years after the designation, even amidst the pandemic, based on the identified KRAs, the impact of these outcomes on the fostering of creativity as a driver for sustainable development and economic resiliency.
