INVITATION TO PARTICIPATE IN THE 3rd INTERNATIONAL VEDIC MATHEMATICS OLYMPIAD (IVMO 2023)

The Math-Inic Philippines, the Philippine partner of the Institute for the Advancement of Vedic Mathematics (IAVM) invites interested participants to participate in the 3rd International Vedic Mathematics Olympiad (IVMO 2023) on November 25, 2023.

Participation of learners and teachers from public and private schools will be purely voluntary and will not hamper instructional time in compliance with the provision of DepEd Order No. 022, s. 2023 titled Implementing Guidelines on the School Calendar and Activities for the School Year 2023-2024 and DepEd Order No. 9, s. 2005 titled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith and the policy on off-campus activities stated in DepEd Order No. 66, s. 2017.

This is also subject to the no-collection policy as stated in Section 3 of Republic Act No. 5546 also known as An Act Prohibiting the Sale of Tickets and/or the Collection of Contribution for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges, and Universities (Ganzon Law).

For more details on the conduct of the said activity, please see attached communication.

IVMO-Letter-PH-23.pdf;

Math made fun, fast, and easy!

October 10, 2023

Mr. ROMMEL C. BAUTISTA
Schools Division Superintendent
Division of Quezon

Dear Bautista,

Greetings from **MATH-Inic Philippines**, the Philippine partner of the **Institute for the Advancement of Vedic Mathematics (IAVM)**, a British registered charity dedicated to the promotion of Vedic Mathematics worldwide!

Attached is the invitation of Mr. James Glover, chair of the IAVM to participate in the **3rd International Vedic Mathematics Olympiad (IVMO 2023)** to be held on Nov 25, 2023.

The IVMO is an international competition in speed, problem-solving, mathematical acumen, and Vedic Maths techniques.

Our participants in the first two editions of the IVMO did the Philippines proud. In IVMO 2021, our Mathletes competed against eight other countries, landing on the top in four out of five categories, and garnering 35 gold, 70 silver, and 107 bronze awards—over 75% of the total awards given.

In last year's IVMO 2022, our learners displayed their math mastery over their counterparts from 10 other countries, winning 152 gold, 329 silver and 530 bronze awards, which is almost 90% of all the awards given. Filipinos also scored highest in five of the six categories and took 18 of the 20 top three places.

Judging from the performance of our learners in these events, we can say that Vedic Math—with its emphasis on making Math fun and easy—is an ideal supplement to our current Math curriculum.

Participation in this event is purely voluntary and since it will be held on a Saturday, it will not disrupt classes.

May we kindly ask that you extend this invitation to the schools in your division?

Those interested may visit this page: <https://instavm.org/ivmo-23/>, or they can e-mail us at competitions@math-inic.com for more information.

We are looking forward to your favorable response. Thank you very much!

Sincerely yours,

Virgilio Y. Prudente

24th September 2023

Invitation for International Vedic Maths Olympiad 2023

Dear Sirs,

I would like to inform you about IVMO 2023, and invite education departments, schools and colleges to participate in this year's international competition.

Originating in India, Vedic Mathematics offers a unique approach to solving math problems quickly and easily using a few simple rules and techniques applicable to all aspects of mathematics. It is rapidly gaining traction in schools and colleges, not only throughout India, but also in the Philippines, South Africa, and a host of other countries. As well as providing fast methods, its appeal lies in enjoyment, flexibility, interconnectedness and depth of understanding.

The competition tests speed, problem-solving and mathematical acumen. It is run through Centre Coordinators and can be taken either offline or online, all on the same day. There are six levels on entry: Lower Primary (9 yrs and under), Upper Primary (11 yrs and under), Junior (13 yrs and under), Intermediate (16 yrs and under), Senior (18 yrs and under) and Open. Papers are one hour in duration each with 40 multiple choice questions.

The top 30% are awarded Gold, Silver and Bronze medals and certificates in the ratio 1 : 2 : 3. The next 30% are awarded Merit certificates and the remainder also receive a certificate.

Further information, together with past and practice papers and topic lists are available on our website at <https://instavm.org/ivmo-23/>.

Last year was the second time we held the competition and there were over a thousand entries from the Philippines. We hope to have more this year. IVMO is open to anyone but ability with the Vedic math techniques is a distinct advantage. To assist with this, in different parts of the Philippines, there are some 130 certified Vedic Math teachers who can offer training. Contacting these teachers can be made through **Mr Virgilio Y. Prudente** of MathInic, <https://www.math-inic.com>.

Last year, there were more top scores from the Philippines than any other country, including India! Will the same be true this year?

It is my sincere wish that students in your educational institutions can participate in this highly competitive yet enjoyable event.

Please get in touch if you have any questions or queries.

with kind regards

James Glover

Chairman

Math made fun, fast, and easy!

October 10, 2023

Mr. Loida N. Nedia
Asst. Regional Director
Region IV-A (CALABARZON)

Dear Mr. Nedia,

Greetings from **MATH-Inic Philippines**, the Philippine partner of the **Institute for the Advancement of Vedic Mathematics (IAVM)**, a British registered charity dedicated to the promotion of Vedic Mathematics worldwide!

Attached is the invitation of Mr. James Glover, chair of the IAVM to participate in the **3rd International Vedic Mathematics Olympiad (IVMO 2023)** to be held on Nov 25, 2023.

The IVMO is an international competition in speed, problem-solving, mathematical acumen, and Vedic Maths techniques.

Our participants in the first two editions of the IVMO did the Philippines proud. In IVMO 2021, our Mathletes competed against eight other countries, landing on the top in four out of five categories, and garnering 35 gold, 70 silver, and 107 bronze awards—over 75% of the total awards given.

In last year's IVMO 2022, our learners displayed their math mastery over their counterparts from 10 other countries, winning 152 gold, 329 silver and 530 bronze awards, which is almost 90% of all the awards given. Filipinos also scored highest in five of the six categories and took 18 of the 20 top three places.

Judging from the performance of our learners in these events, we can say that Vedic Math—with its emphasis on making Math fun and easy—is an ideal supplement to our current Math curriculum.

Participation in this event is purely voluntary and since it will be held on a Saturday, it will not disrupt classes.

May we kindly ask that you extend this invitation to the schools in your region?

Those interested may visit this page: <https://instavm.org/ivmo-23/>, or they can e-mail us at competitions@math-inic.com for more information.

We are looking forward to your favorable response. Thank you very much!
