Dear Dr. Alberto T. EscobarTE,

Greetings from the science clubbing movement!

The Pambansang Kapilanan ng mga Kabataan Samahan ng Agham (Philippine Society of Youth Science Clubs), Inc. is a country-wide organization committed in upholding the significance of science clubbing and in promoting public understanding of science, technology, and the environment. In a span of 54 years, the PSYSC has been in the forefront of conducting positive and practical programs for elementary and highschool students.

This year, PSYSC is proud to conduct the 2025 National Children's Science Interactive Workshops (NCSIW) with the theme "GEORASSIC." The event is open to grades 3-6 students of the previous school year, teachers, science club advisors, and coaches nationwide.

NCSIW is a four-day activity for elementary science club members and advisers across the Philippines. This will be held in LUZON from June 04 to 07, 2025. For this year, it aims to heighten the interest and awareness of science clubbers in Geology through interactive workshops and activities.

In line with this, we would like to request your support by issuing a regional DepEd memorandum to further disseminate the event invitation to elementary schools in your region. We have already secured a National DepEd memorandum (attached), but we believe that your endorsement will generate an even wider reach for NCSIW. Thank you very much and we look forward to a positive response!

In service of the Filipino Youth,
