The Department of Environment and Natural Resources, the primary arm of the government that is responsible for ensuring the protection, conservation, management, and development of the environment and natural resources, acknowledges the pivotal role of the youth as partners in fulfilling the agency's mandate. In furtherance of our commitment to educate and recognize the imperative role of the youth in environmental conservation and resource protection, as well as to cultivate their enthusiasm, ideals, and commitment during their formative years, the DENR CALABARZON Region is organizing a youth camp scheduled for **November 22-24, 2023**, in the Province of Quezon.

In light of this endeavor, we extend an invitation to **student performers from Quezon National High School - SINTALAB** to participate in our event titled "**4th Camp-Hike-Plant and 2024 IEC Action Planning**", which will take place at **Mts. Banahaw San Cristobal Protected Landscape in Dolores, Quezon**.

During this camp, the youth will have the opportunity to express their love for nature and serve as representatives of the youth of Quezon Province in this event. They will also have the chance to interact with youth representatives from other provinces in the CALABARZON Region.
