Quality Rice. Quality Life.

November 8, 2021

MR. ELIAS A. ALICAYA, JR.
OIC Schools Division Superintendent
Department of Education Quezon Province

Dear **Mr. Alicaya**,

Warm greetings from the Philippine Rice Research Institute Los Baños (PhilRice LB)!

The One-Stop Information Shop (OSIS) of PhilRice LB is an information hub that caters to the Station's stakeholders—primarily farmers, extension workers, students, and researchers—by providing accessible, comprehensive, and updated information about Philippine rice. It seeks to increase awareness and knowledge of stakeholders on rice and the Institute's banner programs and campaigns. Moreover, it aims to encourage the youth to take rice S&T-related courses, enable them to appreciate their role in the future of the rice industry, and stress their contribution in feeding a growing nation.

One of the most successful activities of OSIS is the establishment of mobile or satellite OSIS in various schools and universities in Laguna. This made rice and agricultural information more accessible to students. However, the current COVID-19 pandemic poses risks and challenges in delivering up-to-date and timely information to the students and the public.

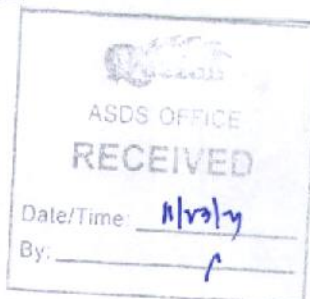

In line with this, we would like to invite your employees and students to attend our upcoming webinar entitled, "E-OSIS: Providing Rice Information in the New Normal", on November 29, 2021 (Monday), 9:00-11:00am via PhilRice LB Facebook Page and Zoom. This webinar will highlight the importance of our information hubs (PhilRice E-library, Text Center, and Pinoy Rice Knowledge Bank) to enhance agricultural literacy founded on scientific information. Attached is the program of activities.

Participants may pre-register online at <https://forms.gle/ZkTtYXnzAcWHkwdw7>. A digital certificate will be given after the webinar. For more information, Jeddahlyn S. Baria, with contact details 09175042187 and jsbariaofficial@gmail.com, will coordinate with your office.

Thank you and we hope for your favorable response.

Sincerely,

RHEMILYN Z. RELADO-SEVILLA
Director I

A food-secure and resilient Philippines

with empowered and prosperous farmers and fisherfolk
