**NATIONAL SCIENCE AND ENGINEERING FAIR PHILIPPINES:
VIRTUAL SCIENCE CHALLENGE 2025**

The National Science and Engineering Fair Virtual (NSEF-VIRTUAL) proudly announces its upcoming National Science and Engineering Fair Virtual Science Challenge, scheduled on September 27, 2023, via the Zoom platform.

The NSEF is an online-based program designed to provide a platform for students to showcase their innovative scientific projects, promoting curiosity, creativity, and critical thinking among learners, particularly those in the Science, Technology, Engineering, and Mathematics (STEM) strand.

For more information and further details, you may contact JOSEPH R. JACOB PHD Marketing Director, STEM Hub Global at info@stemhubglobal.com.

Participation by learners and teachers from both public and private schools is strictly voluntary and must not interfere with instructional time. This aligns with the provisions of DepEd Order No. 022, s. 2023, titled "*Implementing Guidelines on the School Calendar and Activities for the School Year 2023–2024*," as well as DepEd Order No. 9, s. 2005, titled "*Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*." Furthermore, any off-campus activities must adhere to the guidelines specified in DepEd Order No. 66, s. 2017.

This is also subject to the no-collection policy as stated in Section 3 of RA 5546 also known as Act Prohibiting the Sale of Tickets and/or the collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law), issued 19, s. 2008, and reiterated in DepEd Memorandum No.041, s. 2024..

NSEF-Virtual Science Challenge 2025

Theme: "Shaping the world without boundaries."

May 15, 2025

Dr. ROMMEL C. BAUTISTA
Schools Division Superintendent
Division of Quezon
Sitio Fori, Brgy. Talipan
Pagbilao, Quezon

Dear Dr. BAUTISTA,

A pleasant day to you!

I hope this message finds you well. I am writing on behalf of the STEM Hub Global-Los Angeles to respectfully request your endorsement/advisory for our upcoming National Science and Engineering Fair Virtual Science Challenge, scheduled to take place virtually on September 27, 2025 via Zoom meeting.

The National Science and Engineering Fair Philippines: Virtual Science Challenge 2025 (NSEF-VSC), an online-based program created for students to showcase their innovative scientific projects and to foster curiosity, creativity, and critical thinking in STEM (Science, Technology, Engineering, and Mathematics). We have been organizing STEM-based programs for the past 8 years and have served thousands of participants through our trainings, fairs and conferences in support to science education. By supporting our fair through your Office' endorsement/advisory, you would not only help us promote the importance of science education but also inspire young minds to pursue their scientific interests.

Most of the young researchers often fail to share their research projects as an outcome of the school due to various challenges limited opportunities. This event enables the participants to share and expound their new knowledge in a much bigger setting that could reach out millions of people through different online platform. It intends to influence the world through scientific discoveries by the youth leading to the development of various skills including science literacy and process skills, critical thinking and problem solving skills. Research should be shared to advance student knowledge, foster collaboration, and ensure accountability which will then ultimately benefit the society through improved treatments, innovations, and a better understanding of complex issues.

Your endorsement would mean a great deal to us and would add credibility and motivation for participants, judges, and the community. We would be honored to include your name/logo on our event materials and acknowledge your support during the event. Attached herewith is our event poster with the QR codes linking to the registration and general event information.

Please feel free to contact me at info@stemhubglobal.com if you need further details or have any questions. Thank you for considering our request, and we hope to receive your kind endorsement.

Yours truly,

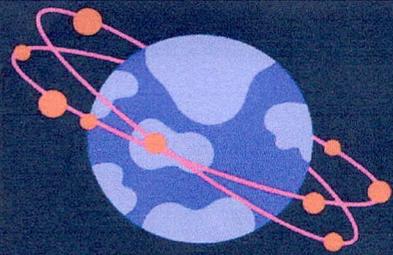

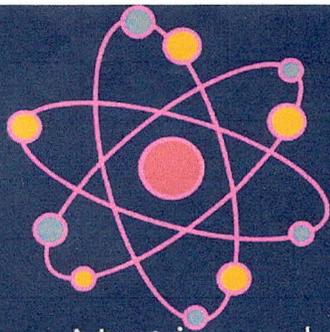

Joseph R. Jacob, LPT, MAEd, MBA, PhD
