6th LUMINARY EXCELLENCE IN EDUCATION AND RESEARCH AWARDS (LEERA)

May 16, 2025 (Saturday)

Innovation in Education, Service, and Leadership Towards Excellence

Manila, Philippines

Virtual and Onsite Participation

The Philippines can develop holistic learners who are steeped in values and equipped with 21st-century skills through dedicated and qualified teachers. This is in consonance with the Department of Education's vision of producing "Filipinos who passionately love their country and whose values and competencies enable them to realize their full potential and contribute meaningfully to building the nation" (DepEd Order No.36, s. 2013). Philippine Professional Standards for Teachers (PPST), Domain 7: Personal Growth and Professional Development accentuates teachers' proper and high personal regard for the profession by maintaining qualities that uphold the dignity of teaching such as caring attitude, respect, and integrity.

Lumina Foundation for Integral Human Development (LFIHD) and Network of Professional Researchers and Educators (NPRE) acknowledge the effort and dedication of our educators and researchers. With this, Luminary Awards for Educators and Researchers is organized to recognize educators and researchers in the country for their invaluable contributions to the academe.

8th Luminary International Conference

Global Innovations in Sustainable Earth through Research, Technology, and Education

February 3-5, 2026

Universiti Tunku Abdul Rahman, Kuala Lumpur, Malaysia

Background

In the face of intensifying global crises—including climate change, biodiversity loss, resource depletion, and rising socio-economic inequalities—the call for innovative and interdisciplinary solutions has never been more urgent. The 8th Luminary International Conference continues its tradition of creating a dynamic and inclusive platform where researchers, educators, industry leaders, policymakers, and students converge to share knowledge and generate impactful solutions for a sustainable future.

Organized by Lumina Foundation and its academic and institutional partners, this year's conference seeks to foreground the interconnected roles of research, technology, and education in addressing the most pressing environmental and social challenges of our time. As a catalyst for global cooperation and innovation, the conference invites critical dialogue, presentation of novel research, and dissemination of transformative practices that promote sustainability across sectors and regions.

Conference Aims and Goals

The 8th Luminary International Conference aims to:

1. Foster interdisciplinary collaboration among scholars, practitioners, and innovators globally.
2. Promote evidence-based solutions and technologies that support sustainability and environmental stewardship.
3. Highlight the role of education in fostering sustainable mindsets and community resilience.
4. Share emerging research that responds to the United Nations Sustainable Development Goals (SDGs).
5. Empower youth, educators, and local communities in shaping sustainable futures.

Registration Link: <https://forms.gle/qSrY6LAVfSKA32N69>

Sub-Themes

The conference welcomes papers, presentations, and projects that align with (but are not limited to) the following sub-themes:

1. Sustainable Innovations in Science and Technology
 - Renewable energy, green technologies, and climate resilience
 - Smart agriculture, food security, and water management
 - Circular economy and zero-waste solutions
2. Education for Sustainability
 - Curriculum innovation and transformative pedagogy
 - Inclusive and equitable education models
 - Youth engagement and lifelong learning for sustainability
3. Research and Policy Integration
 - Interdisciplinary sustainability research
 - Evidence-based policymaking and governance
 - Monitoring and evaluating impact on SDGs
4. Community Development and Indigenous Knowledge
 - Community-based sustainability initiatives
 - Indigenous practices and eco-cultural resilience
 - Equity, justice, and decolonizing sustainability approaches
5. Digital Transformation and Sustainable Futures
 - AI and data analytics for environmental monitoring
 - ICT for development and education
 - Ethical tech and green innovation systems

Important Dates:
