DIVISION ADVISORY NO. 037, S. 2023
March 29, 2023

In reference to the letter of Vincent Gabriel C. Justo – Secretary, UP Guro, Mathematics and Science Teaching Society this advisory is issued for the information of all PSDSs, Public and Private Secondary School Heads, Public and Private Elementary School Heads, Science Teachers, and other science enthusiasts.

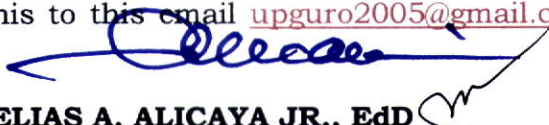

MATHEMASCIAN 2023
TRANSFIGURE: “REMODEL EDUCATION, ELEVATE LIVES”

The UP Guro: Mathematics and Science Teaching Society is an organization of Mathematics and Science Teaching Students of the University of the Philippines Los Baños UPLB will be holding the MATHEMASCIAN 2023 with the theme: TRANSFIGURE: “Remodel Education, Elevate Lives”. This is a face-to-face event that will be held on April 29, 2023, at the University of the Philippines Los Baños.

This will be conducted through a series of contests that caters to senior high school students taking up Science, Technology, Engineering and Mathematics (STEM) strand. The contests relative to this are: poster-making contest, essay writing contest and mathematics and science quiz. Participation to this kind of activity is on voluntary basis.

It is reiterated that participation to this activity shall be subject to the no-disruption of classes policy stipulated in DepEd Order No.9, s. 2005 titled “Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith” and the policy on off-campus activities stated in DO 66, s. 2017.

For clarifications and inquiries direct this to this email upguro2005@gmail.com or contact 09195015796.

Dr. Elias A. Alicaya Jr., EdD
Officer in Charge - Schools Division Superintendent
Department of Education – Division of Quezon Province

Dear Dr. Alicaya:

Warmest greetings of good health and joy!

The **U.P. GURO: Mathematics and Science Teaching Society** (U.P. GURO) is a duly recognized academic organization exclusive for Mathematics and Science Teaching students at the University of the Philippines Baños (UPLB). U.P. GURO envisions serving the nation by equipping BS Mathematics and Science Teaching students with the necessary knowledge, skills, and values for teaching, and molding them to become proactive, responsible, competitive, and productive individuals who will be instrumental in nation-building, and the promotion of better education for the Filipino learners.

In accordance with our mandate principles to promote the development of teaching mathematics and science together with upholding excellence through deeper appreciation of these subjects, the organization will be conducting **MATHEMASCIAN 2023** with the theme "**TRANSFIGURE: Remodel Education, Elevate Lives**". This face-to-face event will be held on April 29, 2023, at the **University of the Philippines Los Baños**.

This culminating activity, under our GURO Week 2023, is a series of contests catered to **senior high school students taking up Science, Technology, Engineering, and Mathematics (STEM) strand from CALABARZON and the National Capital Region**. It ultimately targets to exercise the general knowledge of the participating students by providing questions lifted from the General Science and Mathematics courses found in the Senior High School curriculum under K-12. This momentous event specifically aims to: provide an avenue for the high school students to express their competitiveness with their knowledge in the fields of mathematics and science; help the students boost their interest in Science, Technology, Engineering, and Mathematics (STEM) strand of the K-12 curriculum; build the organization's connections with other high schools, state universities, and colleges; and establish the identity of U.P. GURO to all its networks as instrumental in providing significant information vis-a-vis shifting to the normal education.

This event will feature three (3) sub-activities – a poster making contest, an essay writing contest, and a mathematics and science quiz contest – all of which will put emphasis on honing the interests and comprehending the students in mathematics and sciences relative to the theme of the whole event.

For this to successfully happen, **our organization would like to seek your revered body of Department of Education – Division of Quezon Province's letter of endorsement**. We believe that with your endorsement, the event will be much more capable of executing its objectives and its best interests especially for our participants, to the masses we serve at large.

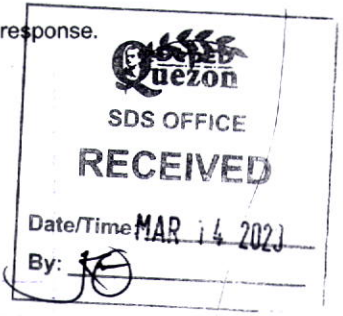

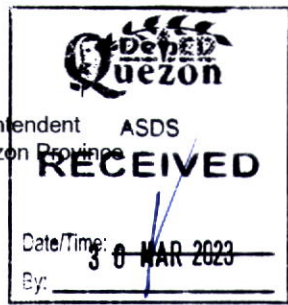

Should you have any concerns and/or clarifications, you may direct to us through our official email upguro2005@gmail.com, or contact **09195015796**.

Thank you very much. We are hoping for your favorable consideration and response.

Best regards,

VINCENT GABRIEL C. JUSTO
