Region IV-A
SCHOOLS DIVISION OF QUEZON PROVINCE

15 December 2022

DIVISION MEMORANDUM

DM No. 1022, s. 2022

**DELIVERY OF LONG-LASTING INSECTICIDE NETS (LLIN) FROM THE
PROVINCIAL HEALTH OFFICE**

To: Assistant Schools Division Superintendents
Division Chiefs
Elementary and Secondary School Heads
District and School Property Custodians
All Others Concerned

1. This Office announces the delivery of Long-Lasting Insecticide Nets (LLIN) from the Provincial Health Office through the generosity of the Center for Health Development-Region IV, for selected schools in the Division.
2. District Property Custodians are advised to receive and inspect the supplies per district any time next week at SDO Talipan, Pagbilao. Please ready the **Inventory Custodian Slip (ICS)** and **Inspection & Acceptance Report (IAR)** to be accomplished upon receipt for the proper inventory of supplies.
3. Please see the attached distribution list.
4. Travel and incidental expenses shall be charged to School Maintenance and Other Operating Expenses (MOOE) or local funds, subject to usual accounting and auditing procedures.
5. Immediate dissemination of and strict compliance with this Memorandum is highly desired.

ELIAS A. ALICAYA JR.
OIC-Schools Division Superintendent
Division of Quezon

Dear **Mr. Alicaya**,

Greetings of good faith!

Dengue is the fastest-spreading vector-borne disease in the world and is endemic in the Philippines. It may present as fever and body pains, which may lead to severe symptoms and affect different ages including school-aged children. To protect our young population, one of our strategies is to control mosquitoes through the use of Long Lasting Insecticide Nets (LLIN). Through the generosity of the Center for Health Development Region IV, we will distribute LLINs to public schools with recorded cases of dengue. Attached herewith is the allocation list for your reference.

In line with this, we would like to request your most convenient date of delivery and turnover of the LLINs to the recipient schools and your permission to conduct it in your office. May we also request for your assistance in the installation of the LLINs on the school premises. We look forward to your utmost support in making this activity possible for our school children's welfare.

Our Vector Control Program Coordinator, Mr. Christian Ayag will coordinate with you regarding this matter. You may reach him at +63998-1500-40.

Thank you!

Truly yours,

KRISTIN MAE-JEAN M. VILLASEÑOR, RMT, MD, MPM
Provincial Health Officer II
