**MULTI-YEAR GUIDELINES ON THE RESULTS-BASED PERFORMANCE  
MANAGEMENT SYSTEM-PHILIPPINE PROFESSIONAL  
STANDARDS FOR TEACHERS**

To: Undersecretaries  
Assistant Secretaries  
Bureau and Service Directors  
Regional Directors  
Schools Division Superintendents  
Public Elementary and Secondary School Heads  
All Others Concerned

1. Consistent with DepEd Order (DO) No. 2, s. 2015 prescribing the **Guidelines on the Establishment and Implementation of the Results-Based Performance Management System (RPMS) in the Department of Education (DepEd)** and pursuant to Section 5 of DO 42, s. 2017 on the **National Adoption and Implementation of the Philippine Professional Standards for Teachers (PPST)**, which mandates that **all performance appraisals for teachers shall be based on this set of standards**, this Department continues its commitment to integrating and embedding the PPST into the RPMS for teachers.

2. Geared towards competency-based performance management, professional development, and career progression, the PPST-based RPMS for teachers shall utilize all the 37 indicators of the PPST and shall be distributed across three school years (SYs): SY 2022-2023, SY 2023-2024, and SY 2024-2025. This DepEd Memorandum titled **Multi-Year Guidelines on the Results-Based Performance Management System-Philippine Professional Standards for Teachers (RPMS-PPST)** details the enclosed procedures and all other necessary information on the adoption and implementation of performance management and appraisal of teachers. The tools, forms, and protocols stipulated herein are developed and modified to ensure that the measures of teacher performance throughout the next three SYs are appropriate, adaptive, and relevant to capture teachers' actual performance and are applicable to all contexts and scenarios faced by the schools adopting different learning modalities.

3. This Memorandum shall cover all teachers in public elementary and secondary schools and community learning centers (CLCs), including those assigned to teach under the **Alternative Learning System (ALS)**, **Madrrasah Education**, **Special Education (SPED)**, and **Special Science Education**. It shall guide the Ratees, Raters, Approving Authorities, and other stakeholders in managing and evaluating teachers' performance anchored on the PPST.

4. Furthermore, the RPMS timeline for the next three SYs shall be aligned with the annual **School Calendar and Activities** issued by the Department.

5. For more information, please contact the **Bureau of Human Resource and Organizational Development**, 4th Floor, Mabini Building, Department of Education Central Office, DepEd Complex, Meralco Avenue, Pasig City through email at [bhrod.hrdd@deped.gov.ph](mailto:bhrod.hrdd@deped.gov.ph) or at telephone number (02) 8470-6630.

6. Immediate dissemination of this Memorandum is desired.

**MULTI-YEAR GUIDELINES ON THE RESULTS-BASED PERFORMANCE MANAGEMENT SYSTEM – PHILIPPINE PROFESSIONAL STANDARDS FOR TEACHERS (RPMS-PPST)**

**I. The Multi-Year RPMS Timeline and RPMS Cycle for Teachers**

- The performance cycle of teachers follows the DepEd RPMS Cycle prescribed in DepEd Order (DO) No. 2, s. 2015 (*Guidelines on the Establishment and Implementation of the Results-Based Performance Management System (RPMS) in the Department of Education*). *Figure 1* illustrates the four (4) phases of the RPMS Cycle and its alignment with the RPMS-related activities of teachers within a School Year (SY).

*Figure 1: The RPMS Cycle for Teachers*

2. This guidelines shall cover three (3) SYs: SY 2022-2023, SY 2023-2024, SY 2024-2025. Each SY shall follow the prescribed RPMS timeline provided below (Figure 2).

Figure 2: The RPMS Timeline for Teachers

RPMS Cycle Phase	Task/Activity	Tools	Person(s) Responsible	Schedule
<b>PHASE I</b> Performance Planning and Commitment	Discussion of RPMS-PPST Tools	1. RPMS Manual for Teachers and School Heads	Raters	The month before the start of classes <sup>1</sup>
	Self-Assessment with Initial Individual Development Planning	1. Self-Assessment Tool (SAT) 2. Individual Performance Commitment and Review Form (IPCRF) Part IV – Individual Development Plan (IDP)	Ratees	1st to 2nd month of the 1st Quarter <sup>2</sup>
<b>PHASE II</b> Performance Monitoring and Coaching	Classroom Observation	Classroom Observation Too (COT) and Forms	Ratees and Raters	Within the SY Once every Quarter <sup>3</sup>
	Accomplishment PMCF	<u>Rater:</u> Performance Monitoring and Coaching Form (PMCF)	Ratees and Raters	At least once every Quarter
	Mid-Year Review and Assessment and Revisiting the Individual Development Plans	<u>Ratee:</u> Draft IPCRF - IDP  <u>Rater:</u> PMCF	Ratees and Raters	Within the 5th to 6th month of the school year
<b>PHASE III</b> Performance Review and Evaluation	Performance Assessment of Teachers	IPCRF Teacher's Portfolio	Raters, Ratees, and Approving Authorities	At least a week after scheduled graduation
<b>PHASE IV</b> Performance Rewarding and Development Planning	Finalization of Individual Development Plans	IPCRF - IDP	Ratees	At least a week after scheduled graduation
	Submission of IPCRF to Raters	Accomplished IPCRF with complete signatures	Ratees	
	IPCRF Data Collection to Schools Division Office		Raters	At least a month after scheduled graduation

<sup>1</sup> For SY 2022-2023, the step (Discussion of RPMS-PPST Tools) shall commence upon the issuance of these Guidelines.

<sup>2</sup> For SY 2022-2023, this step (Self-Assessment with Initial Individual Development Planning) shall commence upon the issuance of these Guidelines.

<sup>3</sup> For SY 2022-2023, only two (2) classroom observations shall be required. For SY 2023-2024 and SY 2024-2025, four (4) classroom observations shall be required.

3. The performance rating of teachers shall follow the schedule provided in the *School Calendar and Activities* guidelines of each SY. It shall be used as basis for performance-based compensation and benefits (*i.e. Mid-Year and Year-End bonuses, Productivity Enhancement Incentive*), determination of length of service for purposes of computation for the Performance-Based Bonus (PBB), and for purposes of career progression of teachers.

## **II. RPMS-PPST Indicators for Proficient and Highly Proficient Tools**

4. Teachers who will use the *Proficient Tools* are expected to be professionally independent in the application of skills vital to the teaching and learning process. They provide focused teaching programs that meet curriculum and assessment requirements and display skills in planning, implementing, and managing learning programs. They actively engage in collaborative learning with the professional community and other stakeholders for mutual growth and advancement. They are reflective practitioners who continually consolidate the knowledge, skills, and practices of Career Stage 2 (Proficient) Teachers.
5. The following teacher positions, including those of similar rank that teach under the ALS, Madrasah Education, SPED, and/or Special Science Education, shall use the Proficient Tools:
  - a. Teacher I;
  - b. Teacher II; and
  - c. Teacher III.

The additional teacher positions that may be created by virtue of Executive Order (EO) No. 174 (*Establishing the Expanded Career Progression System for Public School Teachers*) shall likewise use the Proficient tools, unless otherwise stated in subsequent guidelines.

6. Master Teachers who will use the *Highly Proficient Tools* are those that consistently display high levels of performance in their teaching practice. They manifest an in-depth and sophisticated understanding of the teaching and learning process, have high education-focused situation cognition, and are more adept in problem solving and optimize opportunities gained from experience. Career Stage 3 (Highly Proficient) Teachers work collaboratively with colleagues and provide them support and mentoring to enhance their learning and practice. They continually seek to develop their professional knowledge and practice by reflecting on their own needs, and those of their colleagues and students.
7. The following Master Teacher positions, including those of similar rank teaching under the ALS, Madrasah Education, SPED, and/or Special Science Education, shall use the Highly Proficient Tools:
  - a. Master Teacher I;
  - b. Master Teacher II;
  - c. Master Teacher III; and
  - d. Master Teacher IV.

The additional Master Teacher position that may be created by virtue of EO No. 174 shall likewise use the Highly Proficient Tools, unless otherwise rescinded in subsequent guidelines.

8. These guidelines shall prescribe the specific set of indicators for each school year, all of which were based on consultation with selected field personnel, teachers, and master teachers nationwide. Thus, all school-based personnel covered by this DepEd Memorandum shall strictly abide by the set of indicators assigned for each SY. Any modification to the set of indicators per school year shall not be allowed.
9. The 37 PPST indicators for both *Proficient* and *Highly Proficient* Tools shall be divided across three (3) school years, each with a total of **15 indicators** composed of *Classroom Observable Indicators (COIs)*, *Non-Classroom Observable Indicators (NCOIs)*, and the *Plus Factor*.
10. *Figure 3* provides for the 3-year distribution of the 37 PPST indicators using the *Proficient Tools*.

PPST Objective	Weight
Objectives 1 to 14	7% each (total of 98%)
Objective 15 (Plus Factor)	2%
<b>Total</b>	<b>100%</b>

13. All COIs shall be measured using the following Performance Indicators: **Quality** and **Efficiency**.

*Quality* shall be measured through the demonstration of COIs during the Classroom Observation (CO) and the submission of the *Classroom Observation Tool (COT)* or *Inter-Observer Agreement Form*, whichever is applicable, as means of verification (MOV).

*Efficiency* shall be measured through efficient delivery of the lesson objectives within the prescribed period or time allotment.

There shall be **no Timeliness** performance indicators for all COIs.

14. On the other hand, NCOIs shall be measured using the following Performance Indicators: **Quality**, **Efficiency**, and/or **Timeliness**.

### III. Multi-Year RPMS-PPST Tools

15. The following RPMS-PPST Tools shall be used in SY 2022-2023, SY 2023-2024, and SY 2024-2025:
- a. Annex A1: Proficient RPMS-PPST Tools for SY 2022-2023;
  - b. Annex A2: Proficient RPMS-PPST Tools for SY 2023-2024;
  - c. Annex A3: Proficient RPMS-PPST Tools for SY 2024-2025;
  - d. Annex B1: Highly Proficient RPMS-PPST Tools for SY 2022-2023;
  - e. Annex B2: Highly Proficient RPMS-PPST Tools for SY 2023-2024;
  - f. Annex B3: Highly Proficient RPMS-PPST Tools for SY 2024-2025;
  - g. Annex C: Full RPMS-Classroom Observation Tool Rubric
  - h. Annex D: Modes of Classroom Observation
  - i. Annex E: Classroom Observation Process
16. The aforementioned tools may also be accessed using the QR code below or through this link: <https://dlt.doe.louisiana.gov/rpms-ppst/multi-year> which can be accessed using the official DepEd e-mail address (example [dlp@deped.gov.ph](mailto:dlp@deped.gov.ph)). In case the employee does not yet have a DepEd e-mail address, they may request from their respective Division Information Technology Officer (ITO).

### IV. Guidelines for Classroom Observation

17. For SY 2022-2023, only two (2) classroom observations are required, which shall be conducted in the last two (2) quarters (*one per quarter*). For SY 2023-2024 and SY 2024-2025, four (4) classroom observations are required, which shall be conducted once every quarter.
18. *Figure 5* provides for the schedule and distribution of the identified COIs that shall be observed across quarters for Proficient Teachers; while *Figure 6* provides for the schedule and distribution of the identified COIs that shall be observed across quarters for Highly Proficient Teachers.

19. The average rating of the classroom observations done across quarters shall constitute the final rating for each COI.
20. Additional classroom observations may be conducted for purposes of technical assistance to teachers to improve their teaching practice. However, classroom observations conducted for technical assistance purposes will not be a factor in the determination of a Ratee's performance rating. The purpose or objective of the observation shall be clearly stated prior to any scheduled classroom observation.
21. All classroom observations for performance evaluation purposes shall be scheduled in advance. The Ratee must be informed of the schedule at least three (3) working days before the classroom observation.
22. In case of unforeseen circumstances and fortuitous events that are outside the control of the schools (such as natural or man-made calamities or disasters, lockdowns, etc.), concerned schools may be allowed to deviate from the prescribed timeline of conducting classroom observations; provided that requests in relation thereto shall be subject for approval of the Schools Division Superintendent; provided further, that all applicable classroom observation modes are exhausted prior to submitting the request.
23. **The default mode of classroom observation shall be in-person/face-to-face observation.** In case of any national pronouncements that may affect the operations of the school (e.g. community quarantines, implementation of blended learning, etc.), the following modes of alternative classroom observation may be considered:
  - a. Online Synchronuous Classroom Observation
  - b. Online Asynchronous Classroom Observation
  - c. Classroom Observation via Learning Action Cells (LAC)

The usual protocols and procedures indicated in the *2019 DepEd RPMS Manual for Teacher and School Heads* shall apply. *Annex D* provides for the additional guidelines on the conduct of all classroom observation modes.

24. To further guide the Ratees and Raters on the conduct of the various classroom observation modes, *Annex E* provides for the pre-observation, observation, and post-observation processes for any mode of classroom observation.

#### **V. Ratee, Rater, and Approving Authority in the RPMS**

25. The matrix reflecting the appropriate raters and approving authorities is enclosed and established in DO 2, s. 2015 (RPMS Guidelines). To address operational concerns that have surfaced since the issuance of DO 2, s. 2015, the said matrix shall be expanded in the table below to provide for a clearer ratee-rater-approving authority relationship.

## VI. Glossary of Terms

Figure 8: Glossary for the RPMS Tools SY 2021-2022

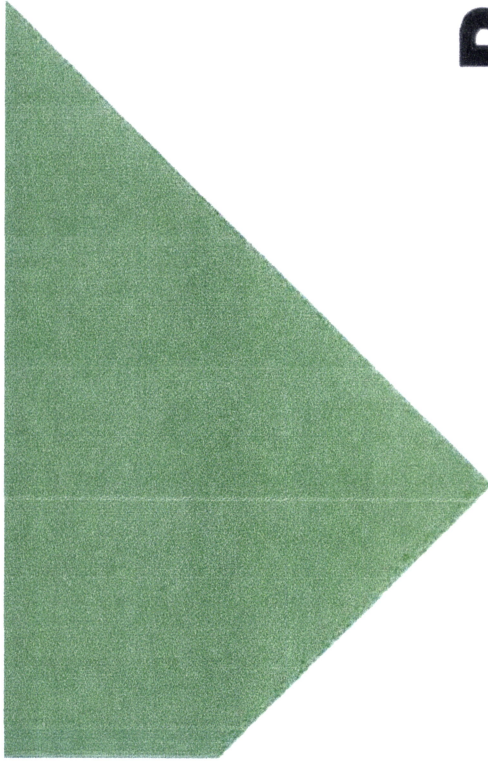

GLOSSARY	
<b>Audio Lesson</b>	Refers to a learning material that is an <i>audio recorded lesson</i> which can be used for distance learning or as supplementary material  This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
<b>Career Stage</b>	Articulates the progression of teacher performance from Beginning to Distinguished teaching practice.
<b>Classroom Observable Indicators(COIs)</b>	Refers to teacher behaviors/practices that can be observed inside the classroom context and measured by COT
<b>Daily Lesson Log (DLL)</b>	See <i>Lesson Plan</i>
<b>Demonstration Teaching with co-teachers as learners</b>	Demonstration option where ratees will demonstrate the identified COIs and deliver the lesson with co-teachers who will serve as learners as if it were in a real class.
<b>Demonstration of best practices</b>	Demonstration option where ratees will demonstrate the identified COIs based on their understanding of the objective and share it with their co-teacher during the LAC session
<b>Detailed Lesson Plan (DLP)</b>	See <i>Lesson Plan</i>
<b>Learning Action Cell (LAC)</b>	Functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, i)

	LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
<b>Lesson Exemplar</b>	“During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their <b>lesson exemplars</b> instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies” (Department of Education - CALABARZON 2020, 10).
<b>Lesson Plan</b>	Refers to the <b>Daily Lesson Log</b> (DLL) or <b>Detailed Lesson Plan</b> (DLP) as part of instructional planning (Department of Education 2016b)  Other forms of a lesson plan are the <b>Weekly Lesson Plan</b> (WLP), <b>Weekly Lesson Log</b> (WLL), <b>Weekly Home Learning Plan</b> (WHLP) and <b>Lesson Exemplars</b> (LE).
<b>Most Essential Learning Competencies (MELCs)</b>	Refer to the competencies from the K to 12 curriculum guides which are most useful in many professions and in everyday life, thereby satisfying the so-called endurance criterion.  Anchored on the prescribed standards, these competencies identified by the Department in consultation with stakeholders are to be used nationwide by field implementers and private schools for SY 2020-2021 as a response to developing resilient education systems most especially during emergencies such as the current global pandemic (Department of Education, 2020a).
<b>Non Classroom Observable Indicators (NCOIs)</b>	Pertains to teacher behavior/practices that are performed by teachers outside the classroom and not observable within the classroom context.
<b>Online Synchronous Teaching</b>	A mode of teaching that utilizes video conferencing, live chat, instant messaging, or a combination of any of the online tools to engage learners to work in real-time  These materials may be designed for collaborative tasks to engage learners on virtual collaboration among peers (Department of Education 2020b, 31).
<b>Supplementary Materials</b>	Refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices  These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37)
<b>Two-way Radio Instruction</b>	Refers to real-time instruction via handheld two-way radios or walkie-talkies.  “Those areas with Last Mile Schools which cannot be reached by the 25-50 kilometer radius coverage area would now be served using handheld two-way radios or ‘walkie-talkies.’ These schools would each be given sets of walkie-talkies to be able to reach learners who are 3-5 kilometers away from the school. Paired with DepEd printed modules,

	teachers are able to guide their students and answer their questions real-time. The combination of the two modalities, printed modules and handheld radios, enable the effective delivery of lessons even in the absence of online options, television and radio broadcast services” (Department of Education – Undersecretary for Administration, 2021)
<b>Video Lesson</b>	Refers to a learning material similar to a <i>video-recorded lesson</i> and <i>video-taped lesson</i> used for online asynchronous teaching or used as supplementary material  This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

## GLOSSARY

Audio lesson	This refers to a learning material that is an audio recorded lesson which can be used for distance learning or as supplementary material. This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
Evaluating	This refers to the periodic and systematic use of assessment forms and strategies (e.g., quarterly assessments, pretest & posttest) in order to judge learner achievement; that is, how well the learner has learned the knowledge and/or skills covered in a unit. Summative assessment, essays, presentation, group work, performances and standardized tests are used to inform the teachers about their teaching. Learners are marked on formal evaluation tasks and this mark is usually part of their report card grade.
Learner achievement	This pertains to the remarkable curricular or co-curricular performance of a learner recognized by the school.
Learner attainment data	This pertains to evidence(s) and results of various assessments that are used in the monitoring and evaluation of learner progress and achievement
Learner needs	This refers to the observable behavior or attitude of a learner that the teacher must address immediately
Learner progress	This refers to a trail of stages of a learner's school and academic status.
Learning action cell (LAC)	This functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, i) LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
Lesson exemplar	"During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their lesson exemplars instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies" (Department of Education - CALABARZON 2020, 10).
Lesson plan	This refers to the Daily Lesson Log (DLL) or Detailed Lesson Plan (DLP) as part of instructional planning (Department of Education 2016b).
Monitoring	Other forms of a lesson plan are the Weekly Lesson Plan (WLP), Weekly Lesson Log (WLL), Weekly Home Learning Plan (WHLP) and Lesson Exemplars (LE).
Stakeholder	This refers to the continuous and systematic use of data in order to track learner progress through a variety of forms such as daily learning log, class record, progress chart, checklist, and anecdotal record. Formative assessment, checking for understanding, providing feedback, and other strategies that are not standardized are used to monitor learner progress in order for teachers to appropriately address misconceptions and other learning problems.
Supplementary materials	This refers to either internal (teachers, school administrators and personnel) or external (parents/guardian, community and industry partners) individuals or group of individuals who participate or collaborate towards the attainment of the school's academic and institutional goals. These refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices.
Video Lesson	These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37). This refers to a learning material similar to a video-recorded lesson and video-taped lesson used for online asynchronous teaching or used as supplementary material. This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

## GLOSSARY

Audio lesson	This refers to a learning material that is an audio recorded lesson which can be used for distance learning or as supplementary material. This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
Evaluating	This refers to the periodic and systematic use of assessment forms and strategies (e.g., quarterly assessments, pretest & posttest) in order to judge learner achievement; that is, how well the learner has learned the knowledge and/or skills covered in a unit. Summative assessment, essays, presentation, group work, performances and standardized tests are used to inform the teachers about their teaching. Learners are marked on formal evaluation tasks and this mark is usually part of their report card grade.
Learner achievement	This pertains to the remarkable curricular or co-curricular performance of a learner recognized by the school.
Learner attainment data	This pertains to evidence(s) and results of various assessments that are used in the monitoring and evaluation of learner progress and achievement
Learner needs	This refers to the observable behavior or attitude of a learner that the teacher must address immediately
Learner progress	This refers to a trail of stages of a learner's school and academic status.
Learning action cell (LAC)	This functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, 1) LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
Lesson exemplar	"During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their lesson exemplars instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies" (Department of Education - CALABARZON 2020, 10).
Lesson plan	This refers to the Daily Lesson Log (DLL) or Detailed Lesson Plan (DLP) as part of instructional planning (Department of Education 2016b).
Monitoring	Other forms of a lesson plan are the Weekly Lesson Plan (WLP), Weekly Lesson Log (WLL), Weekly Home Learning Plan (WHP) and Lesson Exemplars (LE).
Stakeholder	This refers to the continuous and systematic use of data in order to track learner progress through a variety of forms such as daily learning log, class record, progress chart, checklist, and anecdotal record. Formative assessment, checking for understanding, providing feedback, and other strategies that are not standardized are used to monitor learner progress in order for teachers to appropriately address misconceptions and other learning problems.
Supplementary materials	This refers to either internal (teachers, school administrators and personnel) or external (parents/guardian, community and industry partners) individuals or group of individuals who participate or collaborate towards the attainment of the school's academic and institutional goals. These refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices.
Video Lesson	These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37). This refers to a learning material similar to a video-recorded lesson and video-taped lesson used for online asynchronous teaching or used as supplementary material. This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

## GLOSSARY

Audio lesson	This refers to a learning material that is an audio recorded lesson which can be used for distance learning or as supplementary material. This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
Evaluating	This refers to the periodic and systematic use of assessment forms and strategies (e.g., quarterly assessments, pretest & posttest) in order to judge learner achievement; that is, how well the learner has learned the knowledge and/or skills covered in a unit. Summative assessment, essays, presentation, group work, performances and standardized tests are used to inform the teachers about their teaching. Learners are marked on formal evaluation tasks and this mark is usually part of their report card grade.
Learner achievement	This pertains to the remarkable curricular or co-curricular performance of a learner recognized by the school.
Learner attainment data	This pertains to evidence(s) and results of various assessments that are used in the monitoring and evaluation of learner progress and achievement
Learner needs	This refers to the observable behavior or attitude of a learner that the teacher must address immediately
Learner progress	This refers to a trail of stages of a learner's school and academic status.
Learning action cell (LAC)	This functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, i) LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
Lesson exemplar	"During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their lesson exemplars instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies" (Department of Education - CALABARZON 2020, 10).
Lesson plan	This refers to the Daily Lesson Log (DLL) or Detailed Lesson Plan (DLP) as part of instructional planning (Department of Education 2016b).
Monitoring	Other forms of a lesson plan are the Weekly Lesson Plan (WLP), Weekly Lesson Log (WLL), Weekly Home Learning Plan (WHLP) and Lesson Exemplars (LE).
Stakeholder	This refers to the continuous and systematic use of data in order to track learner progress through a variety of forms such as daily learning log, class record, progress chart, checklist, and anecdotal record. Formative assessment, checking for understanding, providing feedback, and other strategies that are not standardized are used to monitor learner progress in order for teachers to appropriately address misconceptions and other learning problems.
Supplementary materials	This refers to either internal (teachers, school administrators and personnel) or external (parents/guardian, community and industry partners) individuals or group of individuals who participate or collaborate towards the attainment of the school's academic and institutional goals. These refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices.
Video Lesson	These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37). This refers to a learning material similar to a video-recorded lesson and video-taped lesson used for online asynchronous teaching or used as supplementary material. This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

## GLOSSARY

Audio lesson	This refers to a learning material that is an audio recorded lesson which can be used for distance learning or as supplementary material. This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
Evaluating	This refers to the periodic and systematic use of assessment forms and strategies (e.g., quarterly assessments, pretest & posttest) in order to judge learner achievement; that is, how well the learner has learned the knowledge and/or skills covered in a unit. Summative assessment, essays, presentation, group work, performances and standardized tests are used to inform the teachers about their teaching. Learners are marked on formal evaluation tasks and this mark is usually part of their report card grade.
Learner achievement	This pertains to the remarkable curricular or co-curricular performance of a learner recognized by the school.
Learner attainment data	This pertains to evidence(s) and results of various assessments that are used in the monitoring and evaluation of learner progress and achievement
Learner needs	This refers to the observable behavior or attitude of a learner that the teacher must address immediately
Learner progress	This refers to a trail of stages of a learner's school and academic status.
Learning action cell (LAC)	This functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, 1) LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
Lesson exemplar	"During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their lesson exemplars instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies" (Department of Education - CALABARZON 2020, 10).
Lesson plan	This refers to the Daily Lesson Log (DLL) or Detailed Lesson Plan (DLP) as part of instructional planning (Department of Education 2016b).
Monitoring	Other forms of a lesson plan are the Weekly Lesson Plan (WLP), Weekly Lesson Log (WLL), Weekly Home Learning Plan (WHLP) and Lesson Exemplars (LE).
Stakeholder	This refers to the continuous and systematic use of data in order to track learner progress through a variety of forms such as daily learning log, class record, progress chart, checklist, and anecdotal record. Formative assessment, checking for understanding, providing feedback, and other strategies that are not standardized are used to monitor learner progress in order for teachers to appropriately address misconceptions and other learning problems.
Supplementary materials	This refers to either internal (teachers, school administrators and personnel) or external (parents/guardian, community and industry partners) individuals or group of individuals who participate or collaborate towards the attainment of the school's academic and institutional goals. These refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices.
Video Lesson	These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37). This refers to a learning material similar to a video-recorded lesson and video-taped lesson used for online asynchronous teaching or used as supplementary material. This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

## GLOSSARY

Audio lesson	This refers to a learning material that is an audio recorded lesson which can be used for distance learning or as supplementary material. This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
Evaluating	This refers to the periodic and systematic use of assessment forms and strategies (e.g., quarterly assessments, pretest & posttest) in order to judge learner achievement; that is, how well the learner has learned the knowledge and/or skills covered in a unit. Summative assessment, essays, presentation, group work, performances and standardized tests are used to inform the teachers about their teaching. Learners are marked on formal evaluation tasks and this mark is usually part of their report card grade.
Learner achievement	This pertains to the remarkable curricular or co-curricular performance of a learner recognized by the school.
Learner attainment data	This pertains to evidence(s) and results of various assessments that are used in the monitoring and evaluation of learner progress and achievement
Learner needs	This refers to the observable behavior or attitude of a learner that the teacher must address immediately
Learner progress	This refers to a trail of stages of a learner's school and academic status.
Learning action cell (LAC)	This functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, i) LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
Lesson exemplar	"During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their lesson exemplars instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies" (Department of Education - CALABARZON 2020, 10).
Lesson plan	This refers to the Daily Lesson Log (DLL) or Detailed Lesson Plan (DLP) as part of instructional planning (Department of Education 2016b).
Monitoring	Other forms of a lesson plan are the Weekly Lesson Plan (WLP), Weekly Lesson Log (WLL), Weekly Home Learning Plan (WHLP) and Lesson Exemplars (LE).
Stakeholder	This refers to the continuous and systematic use of data in order to track learner progress through a variety of forms such as daily learning log, class record, progress chart, checklist, and anecdotal record. Formative assessment, checking for understanding, providing feedback, and other strategies that are not standardized are used to monitor learner progress in order for teachers to appropriately address misconceptions and other learning problems.
Supplementary materials	This refers to either internal (teachers, school administrators and personnel) or external (parents/guardian, community and industry partners) individuals or group of individuals who participate or collaborate towards the attainment of the school's academic and institutional goals. These refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices.
Video Lesson	These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37). This refers to a learning material similar to a video-recorded lesson and video-taped lesson used for online asynchronous teaching or used as supplementary material. This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

## GLOSSARY

Audio lesson	This refers to a learning material that is an audio recorded lesson which can be used for distance learning or as supplementary material. This can be saved in a USB flash drive and played in a device (e.g., plug-and-play radios with USB port, TV with USB port, computer, etc.).
Evaluating	This refers to the periodic and systematic use of assessment forms and strategies (e.g., quarterly assessments, pretest & posttest) in order to judge learner achievement; that is, how well the learner has learned the knowledge and/or skills covered in a unit. Summative assessment, essays, presentation, group work, performances and standardized tests are used to inform the teachers about their teaching. Learners are marked on formal evaluation tasks and this mark is usually part of their report card grade.
Learner achievement	This pertains to the remarkable curricular or co-curricular performance of a learner recognized by the school.
Learner attainment data	This pertains to evidence(s) and results of various assessments that are used in the monitoring and evaluation of learner progress and achievement
Learner needs	This refers to the observable behavior or attitude of a learner that the teacher must address immediately
Learner progress	This refers to a trail of stages of a learner's school and academic status.
Learning action cell (LAC)	This functions as a professional learning community for teachers that will help them improve practice and learner achievement (Department of Education 2016a, i) LAC aims to improve the teaching-learning process that will lead to improved learning among the students; to nurture successful teachers; to enable teachers to support each other to continuously improve their content and pedagogical knowledge, practice, skills, and attitudes; and to foster a professional collaborative spirit among school heads, teachers, and the community as a whole (Department of Education 2016a, 3).
Lesson exemplar	"During pandemic and other disruptive events, all public elementary and secondary school teachers in the region shall prepare their lesson exemplars instead of the usual Detailed Lesson Plan (DLPs) and/or Daily Learning Logs (DLL) for MELCs and/or enabling competencies" (Department of Education - CALABARZON 2020, 10).
Lesson plan	This refers to the Daily Lesson Log (DLL) or Detailed Lesson Plan (DLP) as part of instructional planning (Department of Education 2016b).  Other forms of a lesson plan are the Weekly Lesson Plan (WLP), Weekly Lesson Log (WLL), Weekly Home Learning Plan (WHLP) and Lesson Exemplars (LE).
Monitoring	This refers to the continuous and systematic use of data in order to track learner progress through a variety of forms such as daily learning log, class record, progress chart, checklist, and anecdotal record. Formative assessment, checking for understanding, providing feedback, and other strategies that are not standardized are used to monitor learner progress in order for teachers to appropriately address misconceptions and other learning problems.
Stakeholder	This refers to either internal (teachers, school administrators and personnel) or external (parents/guardian, community and industry partners) individuals or group of individuals who participate or collaborate towards the attainment of the school's academic and institutional goals.
Supplementary materials	These refer to learning resources crafted by teachers to supplement the materials handed down by the DepEd division/regional/central offices.  These materials should be aligned with DepEd standards and support the contextualized needs of learners in online, modular, and TV- and radio-based instruction. These teacher-made learning materials can be printed or digital modules, activity sheets, interactive e-materials, and MELCs-aligned video- and audio-lessons (Department of Education - Undersecretary for Curriculum and Instruction 2020, 3). Writing tasks can also be part of the supplementary materials where learners can write the challenges they are facing and what parts of the lesson they did not fully understand and need additional help for from their teacher (Department of Education 2020b, 37).
Video Lesson	This refers to a learning material similar to a video-recorded lesson and video-taped lesson used for online asynchronous teaching or used as supplementary material. This material can be uploaded to YouTube, Google Classroom, or any online platform, or distributed via storage devices (e.g., flash drives or CD-ROMs).

**MODES OF CLASSROOM OBSERVATION**

Classroom Observation	Guidelines
<b>Default Mode of Classroom Observation</b> <i>(To be adopted by all public schools, unless otherwise specified by the DepEd Central Office)</i>	
1. In-person/face-to-face observation	<ul style="list-style-type: none"> <li>• For School Years 2022-2023, 2023-2024, and 2024-2025, the usual protocols and procedures indicated in the <i>2019 DepEd RPMS Manual for Teachers and School Heads</i> shall apply.</li> <li>• It is highly encouraged that 2-3 observers participate in the classroom observation. However, if challenges in schedule and/or availability of observers hinder a school to follow this recommendation, one (1) observer will be enough.</li> </ul>
<b>Alternative Classroom Observation Modes</b> <i>(Shall only be adopted by public schools as a result of unforeseen circumstances that affect the day-to-day operations of the school, subject to internal guidelines issued by the DepEd Central Office)</i>	
2. Online Synchronous Observation	<ul style="list-style-type: none"> <li>• Observation of real-time teaching (online synchronous learning or two-way radio instruction)</li> <li>• This applies to teachers who will adopt online synchronous learning or two-way radio instruction regardless of the number of classes and learners.</li> </ul>
3. Asynchronous Observation	<ul style="list-style-type: none"> <li>• Consider this mode of observation when <i>option 1</i> is not possible.</li> <li>• This applies to teachers who will adopt online asynchronous learning or audio lesson in any of their classes and learners.</li> <li>• A video lesson or audio lesson shall be used in lesson delivery as part of the supplementary materials or as one of the learning materials for online asynchronous learning or two-way radio instruction. It is not the same as the video lesson for TV-based instruction or audio lesson for radio-based instruction that the Central Office/Regional Office/Division Office produces.</li> <li>• A video lesson or audio lesson must be SLM-based or MELC-aligned. A teacher can use any recording device to record themselves while teaching a lesson.</li> <li>• A video lesson or audio lesson can be stored in a cloud (e.g., Google Drive) or any storage device (e.g., flash drive), or uploaded to an online classroom (e.g., Google Classroom) or a Learning Management System.</li> </ul>
4. **CLASSROOM OBSERVATION PROCESS**

	Person Responsible	Tools / Forms Needed	DEFAULT MODE	ALTERNATIVE CLASSROOM OBSERVATION MODES		
			In-person / Face-to-face Observation	Online Synchronous Observation	Asynchronous Observation	Observation via LAC Session (Demonstration Teaching)
<b>PRE-OBSERVATION</b>	<b>Observer/s</b>	COT-RPMS Rubric	Meet with the Ratee to discuss the schedule of the classroom observation	Meet with the Ratee to discuss the schedule and the online platform to be used for the online observation; handheld radio for two-way radio instruction	Meet with the Ratee to discuss the schedule of submission of the video or audio lesson	Meet with the Ratee to discuss the schedule of the LAC session intended for demonstration teaching
	<b>Ratee</b>		Review the COT-RPMS Rubric appropriate to their position Plan the lesson based on the indicators			
<b>OBSERVATION</b>	<b>Observer/s</b>	Observation Notes Form	Sit at any available seat/s	Access the online platform or radio frequency at the scheduled synchronous class	View the video lesson or listen to the audio lesson after it was submitted by the Ratee	Sit at any available seat/s
			Multiple observers are to sit apart			Multiple observers are to sit apart
			Record all observations ( <i>Strengths and Needs Improvement</i> ) on the Observation Notes Form			
	<b>Ratee</b>		Deliver the lesson on-site on the agreed date and time	Deliver the lesson in the chosen online platform or handheld radio	Submit the video or audio lesson to the observer/s	Deliver the lesson on the agreed time and location
<b>POST-OBSERVATION</b>	<b>Observer/s</b>	Rating Sheet Inter-Observer Agreement Form	Rate the Ratee  <i>In case of multiple observers:</i> 1. Discuss the rating with fellow observer/s; 2. Decide on the final rating			
	<b>Ratee</b>					
	<b>Both Observer and Ratee</b>		Observer/s and the Ratee meet to discuss the results of the observation. They affix their signatures on the rating sheet or Inter-Observer Agreement Form			

\* For Highly Proficient Teachers, a proof of attendance during observation is part of their MOV. Hence, the following protocols should be observed:

- 1) **In-person / Face-to-face Observation** - (i) Invite your colleague/s to sit in your limited face-to-face. (ii) Have an attendance sheet signed after the class.
- 2) **Online Synchronous Observation** - (i) Invite your colleague/s to sit in your synchronous class. (ii) Have an attendance sheet signed after the class.
- 3) **Asynchronous Observation** - (i) Give a copy of your video or audio lesson to your colleague/s which they should view. (ii) Have an attendance sheet signed afterwards. (Note: Observer/s must ensure that colleague/s view the video lesson or listen to the audio lesson.)
- 4) **Observation via LAC Session (Demonstration Teaching)** - (i) Invite your colleague/s to observe your demonstration teaching during a LAC session. (ii) Have an attendance sheet signed afterwards.
