**GUIDELINES ON THE IMPLEMENTATION OF QUALITY-ASSURED ASSESSMENT FOR THE NATIONAL CERTIFICATION OF LEARNERS IN THE SENIOR HIGH SCHOOL TECHNICAL-VOCATIONAL-LIVELIHOOD TRACK AND EXPANSION OF THE NUMBER OF COMPETENCY ASSESSORS**

**I. Rationale**

Section 12 of Republic Act No. (RA) 10533, also known as the “Enhanced Basic Education Act of 2013,” states that the Department of Education (DepEd), the Commission on Higher Education (CHED), the Technical Education and Skills Development Authority (TESDA), Technical-Vocational Institutions (TVIs), and Higher Education Institutions (HEIs) shall coordinate closely to implement strategies that ensure academic, physical, financial, and human resource capabilities.

The implementation of the Senior High School (SHS) program, particularly the Technical-Vocational-Livelihood (TVL) track, revealed low assessment participation rates for Grade 12 learners in School Year (SY) 2019-2020 (25.7%) and SY 2020-2021 (6.8%). These assessment participation rates were attributed to the prohibitive cost of National Certificate (NC) assessments. However, the passing or certification rates among those who took the assessments were remarkably high, at 98% in SY 2019-2020 and 97% in SY 2020-2021.

The RA 11975, or the “General Appropriations Act (GAA) for Fiscal Year (FY) 2024,” and RA 12116, the “GAA for FY 2025”, have allocations for the assessment of SHS learners enrolled in the TVL track and issuance of NCs. This will ensure that TESDA can conduct assessments at no out-of-pocket cost to SHS-TVL learners.

Additionally, RA 11975 provides funding for the expansion of accredited competency assessors in order to support the accreditation of additional assessors needed for the implementation of the SHS assessment and certification support programs. TESDA, in coordination with DepEd, is responsible for selecting and prioritizing eligible personnel in Senior High Schools that offer the TVL track. This provision was further extended in RA 12116, under the Development, Implementation, Monitoring, and Evaluation of Assessment and Certification Systems to further support the accreditation of additional assessors, including those for SHS assessment and certification.

In this light, this DepEd Order adopts the process for availing the TESDA’s free assessments for SHS-TVL learners and free training, assessment, and accreditation for assessors among teaching and non-teaching personnel in public and private schools.

**II. Scope**

Consistent with the GAA for FY 2024 and 2025, this DepEd Order provides the guidelines for the certification assessment for all SHS TVL learners in public and private schools.

Particularly, these guidelines cover the free assessments for the following learners:

- SHS-TVL track learners (both Grades 11 and 12) currently enrolled in public and private schools for SY 2024-2025 and SY 2025 - 2026
- Alternative Learning System (ALS) learners in the SHS-TVL track currently enrolled in public and private learning centers for SY 2024-2025 and SY 2025 - 2026
- SHS-TVL Graduates and ALS Graduates in the SHS-TVL track from private and public schools from SY 2022-2023 and SY 2023-2024

Beneficiaries of the Joint Delivery Voucher Program (JDVP) will be allowed to avail of the free assessment, provided they have completed the training for the qualification they intend to pursue.

Furthermore, these guidelines include provisions for the training, assessment, and accreditation of DepEd personnel as Technical Vocational Education and Training (TVET) Competency Assessors (CAs). All public and private school teachers, including those who do not teach SHS-TVL, as well as non-teaching personnel, may avail themselves of this training, assessment, and accreditation.

Finally, the guidelines also include rules for accrediting DepEd Senior High Schools as Assessment Centers (ACs) or Designated Assessment Venues (DAVs).
