DIVISION MEMORANDUM
DM No. 750, s. 2021

FREE DEMONSTRATION ON LEARNING MANAGEMENT SYSTEM (LMS) AND SCHOOL MANAGEMENT SYSTEM (SMS) ON SELECTED SCHOOLS IN QUEZON PROVINCE BY DIGITAL SOFTWARE TECHNOLOGY

To: OIC – Assistant Schools Division Superintendent
Chief, Education Supervisors – SGOD & CID
Division Planning Officer
Division Information Technology Officer
Selected Secondary School Heads
Selected School ICT Coordinators
Selected School LIS Coordinators
All Others Concerned

1. In reference to E-mail received last Sept 21, 2021, the Digital Software Technology offered free of charge on Learning Management System (LMS) and School Management System (SMS) on a first come – first served basis through SDO Quezon.
2. The list of participants to attend are the ASDS's, Divison Chiefs, Division Planning Officer III, Division Information Technology Officer I, Secondary School Heads, School ICT Coordinators and School Learner Information System (LIS) Coordinators of the following schools listed on this attached memorandum.
3. The following schools are invited to join the demonstration on October 13, 2021 (Wednesday) at 9:00 a.m. thru Google Meet link: <https://meet.google.com/ybv-gyvq-wbk>
4. Kindly refer to the attached email for your reference.

September 16, 2021

DR. ELIAS ALICAYA

Director
Department of Education
Province of Quezon

Dear Dr. Alicaya:

Digital Software is a premier school system software company boasting a sterling track record of successful installations across various private and government schools nationwide, from Isabela down south to Cotabato since 2001. The company offers a fully integrated and online LMS and SMS.

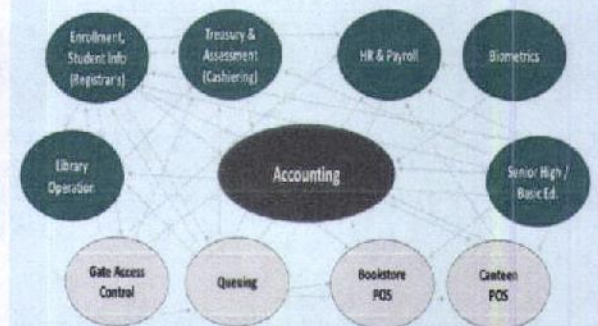

Learning Mgt System (LMS)

e-LEARNING

Online Classes
Online Class Attendance
Online Learning Modules
e-Books
Uploading of projects, assignments
Synchronized online quizzes
Synchronized online exams
Online Grades (raw scores)
Automatic Report Cards
Online Classroom Management
Mass SMS Notification System

School Mgt System (SMS)

Online, Real-Time ◦ Ultra FAST ◦ Fully Integrated ◦ Full Featured ◦ Upgradable ◦ Downloadable Online

In June 24, Digital Software conducted a technical demo of this comprehensive school system before key DepEd officials including Asec. Diosdado San Antonio and Director Abram Abanil, among others. Having been impressed, they gave the company authority to coordinate directly with the DepEd Divisions which may be interested in availing themselves of the system. You may refer to this link as to the recorder video conference meeting: <https://www.youtube.com/watch?v=jsbAzncXQek>.

I am happy to announce that since the central office has greenlighted marketing this system to the DepEd divisions, we will be implementing this to up to 200 DepEd schools FREE OF CHARGE on a first-come-first-served basis. Allocation per division is five schools only. Kindly let me know if you are interested in piloting the system in your choice schools.

Thank you and looking forward to working with and serving you.

Sincerely,

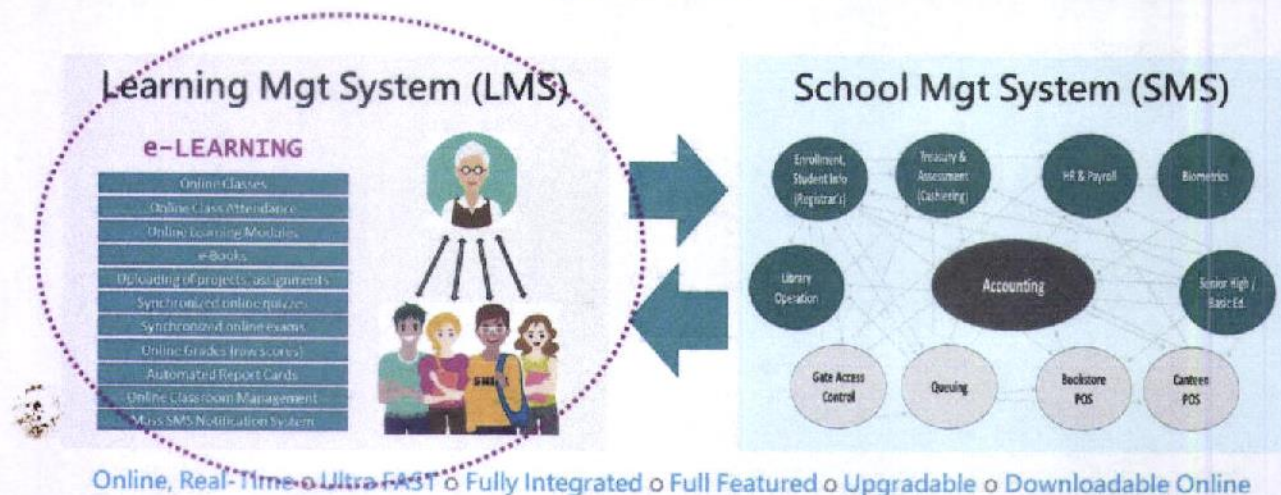

MR. JOSE I. BAS, JR.

Attachment: LMS Technical Features / SMS Technical Features / Company Profile

ADVANCED LEARNING MANAGEMENT SYSTEM

Technical Features

Main Modules:

1. Online Meetings:

- Integrated with Enrollment system (no re-encoding)
- Automatically generated Class List
- Integrated with Calendar of Activities
- Integrated with Class Scheduling Wizard (Yes, class scheduling is automated)
- Automatic generation of online meeting schedules
- Synchronized, conflict-free & calendar style scheduling of online meetings
- Students and teachers can conveniently monitor schedules of online meetings
- Integrated with Zoom and Google Meet
- System automates enabling of online sessions via Zoom and Google Meet so there's no need for teachers to broadcast meeting IDs and passwords. Online sessions, therefore, are hassle-free on both sides.
- SMS Broadcast or Notification System is available in case the teacher needs to broadcast important notifications to students, parents / guardians / sponsors.
- For every absence or late, the system automatically sends SMS notifications to students and parents / guardians / sponsors.
- Class Absence Report is automated

2. My Online Tasks (Assignments, Quizzes, Exams and Projects):

- Integrated with Calendar of Activities
- Synchronized, conflict-free scheduling of online quizzes and exams
- Calendar-style scheduling of submission deadlines for assignments and projects
- Teachers are able to embed or paste photos for test questions and choices for a visual appeal
- Teachers are able to input several possible answers to quiz or exam questions including identification questions
- Students are able upload photos, documents, compressed files or paste URL links
- Easy management of uploaded photos, documents, compressed files or paste URL links in response to test questions, assignments and projects
- Students and teachers can conveniently monitor schedules and submission deadlines

- Online Task Timer displays time remaining for tasks configured in the system
- Allows re-entry in Online Tasks for as long as Online Task Timer has not run out (useful during unintended closing of the browser)
- Instructors / Administrators can open or view submitted quizzes, exams, assignments and projects per student enrolled in a class
- No need to notify students of Zoom or Google Meet IDs and passwords

3. Grading System:

- Integrated with Enrollment System (no re-encoding)
- Adaptive / user-defined grading system
- Complete class record that can be checked online by the school administrator
- School Administrator / Registrar / Teacher can configure the grading system for the subjects and assign the bases for the final grade: recitation, quizzes, exams, assignments, projects etc.
- Raw scores for recitation, quizzes, exams, assignments and/or projects are keyed into the Grading System. Transmutation is automated.
- Integrated with Online Tasks; automatically retrieves raw scores from Online Tasks: quizzes, exams, assignments and projects (more automation means less manual processing on the part of the instructor)
- Allows entry for observed values, adviser's feedback
- Automated processing of reports such as the Report Card and Transcript of Records

4. Learning Resources / Modules:

- Synchronized learning resources and modules
- Collaborative development of learning modules
- Learning modules are permanent and cumulative
- Synchronized quizzes and exams
- Automatically accessed by students based on their enrolled subjects (no need for teachers to encode the accounts of all his students)
- No need for separate online account like Gmail which confuses everyone
- Video tutorials uploaded in www.youtube.com
- Reading materials or eBooks in PDF format (preferred) or other formats
- Supports copying LMS module from one subject to another

5. Classroom Management:

- Integrated SMS Notification system
- Broadcast SMS notification to all students/ parents/ guardians/ sponsors in just one transaction
- Integrated with Online meetings such as Google meet or Zoom for consultation
- Students upload projects or assignments in their virtual classroom
- Synchronized online quizzes and examinations

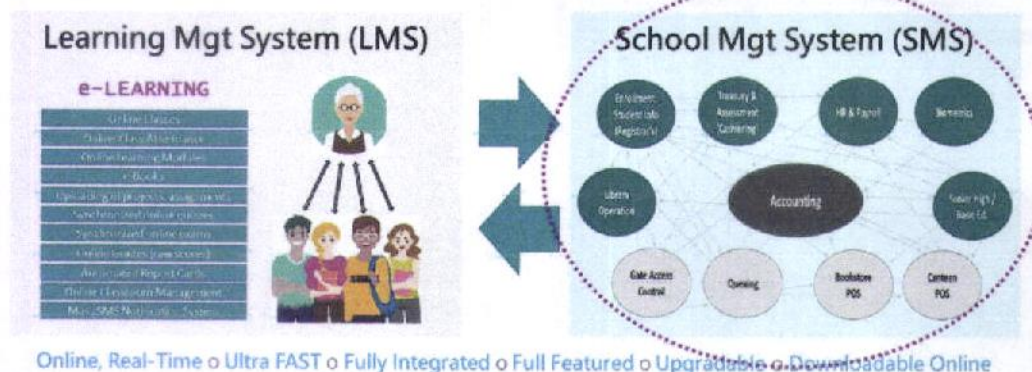

Technical Specifications (MODERN TECHNOLOGIES USED):

- | | |
|---|--|
| ▪ Online / Web-based / Cloud / Real-time | ▪ Microsoft TypeScript 1.8 (2016) |
| ▪ Visual Studio 2013 SP5 (2015) | ▪ QooxDoo Javascript Framework 5.0.2b (2019) |
| ▪ C#.NET/Microsoft.NET Framework 4.8 (2016) | ▪ Javascript Obfuscator 2.47 (2019) |

| ▪ MariaDB 10.4 Database Server (2019) | |

Why choose DIGITAL SOFTWARE?

1. Uses the latest **CLIENT-SIDE technology** being used by socmed giants (Facebook, Twitter, Youtube etc) which ensures that the interface of up to millions of users is ultrafast and efficient unlike its obsolete counterpart, the **SERVER-SIDE technology**, being used by competitors where user interface is slow, inefficient (keeps on hanging).
2. **Very Active Development:** We publicize new updates, changes, bug fixes and new features in our website and Facebook so you are assured that our systems are still alive and actively maintained.
3. **Upgrades are Downloadable Online:** Upgrades and updates are downloadable from website.
4. **Upgradable:** Our systems installed 10+ years ago can be upgraded to latest version in just a few minutes by simply running our Upgrade Modules.
5. Minimal and consistent UI & multiple windows in one page
6. All requests sent to the server are **Authenticated** and **Encrypted** even without SSL.
7. Javascript code is minimized and **Obfuscated** to prevent debugging or reverse engineering.
8. **Online and Offline:** All reports (**PDF** and **Excel**) are generated by the client browser in **OFFLINE** mode
9. Ability to upload large files with progress % sent status
10. Enabled gzip compression for faster retrieval of both static and dynamic data
11. The browser automatically downloads the latest version when a new version is available.
12. Digital Software uses advanced **data security** mechanisms including 100% JavaScript programming to ensure that the system is **fully encrypted**, making system security robust and very difficult to hack.

SCHOOL MANAGEMENT SYSTEM Technical Features

MAIN MODULES

- **Admission and Document Management**
- **Pre-Enlistment (Automatic), Enrollment and Auto-Advising**
- **Class Scheduling Wizard (Deans and Registrar)**
- **Assessment, Discounts and Scholarships (including UNIFAST reports)**
- **Grading System:** Adaptive / User-defined, Raw Scores, Automatic Transmutation, Universal Grade Conversion, GWA & Periodic Reports
- **Instructor Modules:** Class Record (raw scores such as quizzes, class standing, Periodic Tests etc.), Grade Sheet, Changing of Grades, Learning Resources, Class Attendance & Class Absences
- **Students' Module:** Enrollment, Assessment, Grades, Curriculum Evaluation, General Weighted Average and Statement of Accounts, Learning Resources, Class Absences, Teacher Evaluation
- **Parents' Module:** Student Gate Entry & Exit SMS Notification, Viewing of Assessment, Grades, Curriculum Evaluation, Statement of Accounts, Learning Resources
- **Curriculum Evaluation:** Credited, Equivalent, Internal & External Subjects
- **Teachers' Evaluation:** Students can evaluate their teachers
- **Clearance System:** Clearance is required only for "Tagged" students
- **Learning Management:** eBooks, Learning Modules, Reading Materials, Quizzes, Examinations & Projects attached to subjects
- **Class Attendance:** Integrated Calendar of Activities, Class Absences Report
- **Gate Access Control System** using Smartcard Identification cards & Turnstiles
- **Visitor Management System:** Using SmartCard IDs with SMS Notification
- **Biometric Attendance:** Automatic computation of late or tardiness, undertime, absences & overtime, leave debits/credits, DTR, Summary etc.
- **Payroll System:** User-defined income and deductions, mandatory deductions, annualized & actualized tax computation, bonus, personal data sheet, etc; ensures net take-home pay etc.
- **Information Kiosk & Queuing System:** Paperless Queuing with SMS Notification, Grades, Statement of Accounts, Due Amount, Account Balance, eWallet Balance, etc.
- **SMS Broadcast:** Send SMS Notification to Parents, Guardian, Sponsors, Students, All enrolled students
- **Point-of-Sale System:** Cashless (using eWallet capability of Smartcards), Cash, Account Receivable, eWallet balance etc.
- **Library System:** Management, OPAC, Inventory, Self-service Kiosks, Penalties, Book Ledger, Patron Ledger etc.
- **Express Payment (MLhuillier, Cebuana, Palawan, Western Union, LBC)**
- **Online Payment (iXBase*)**

TECHNICAL SPECIFICATIONS (STATE-OF-THE-ART TECHNOLOGIES USED)

- **Online/ Browser-based/ Cloud/ Real-Time**
- **Visual Studio 2013 SP5 (2015)**
- **C#.NET 5.0 & Microsoft.NET Framework 4.8 (2016)**
- **Microsoft ASP.NET Web API 2.2 (2015)**
- **MariaDB 10.4 Database Server (2019)**
- **Microsoft TypeScript 1.8 (2016)**
- **QooxDoo Javascript Framework 5.0.2b (2019)**
- **Javascript Obfuscator 2.47 (2019)**
- **PDFmake 0.1.64 (2020)**

GENERAL FEATURES

- Provides an account for all users: Administrators, Faculty / Employees, Students and Parents
- Works flawlessly with SIAS (Student Information & Accounting System) 3.x Desktop Version
- ALIVE: Publicize new updates, changes & bug fixes in our website
- DOWNLOADABLE: Upgrades and updates are downloadable through the website
- UPGRADABLE: Old systems installed more than ten years ago can be upgraded online to latest versions
- Modern, interactive and consistent UI & multiple windows in one page
- Uses state-of-the-art client side technology which maximizes the power of the client browser
- All requests sent to the Server are authenticated & encrypted even without SSL
- Javascript code is minimized & obfuscated to prevent debugging or reverse engineering
- All users (Admin, Faculty / Employees, Students, Parents) can change their passwords & displayed photo
- All reports (PDF & Excel) are generated by the client browser in OFFLINE mode
- Ability to upload large files with progress % sent status
- Ability to support almost all grading systems in the Philippines
- Ability for gzip compression for faster retrieval of both static & dynamic data
- Automatically detects new system releases & forces the browser to reload
- Users are asked to re-input their password after 5 minutes of inactivity (v3.1.8.25)
- Javascript files are minimized & obfuscated

ONLINE ADMISSION AND PRE-ENLISTMENT

- Supports automatic curriculum evaluation
- Automatically computes students' curriculum year level
- Entry module for applications for entrance examination by new students
- Approvals of entrance examination applications
- Entry of score for entrance examinations
- Admission applicants can check the approval and examination results online
- Upload & view submitted documents
- Automatic year-level promotion & pre-enlistment of students
- Students can input their personal data

ONLINE ENROLLMENT

- Interactive selection class schedules
- Automatically detects class schedule conflicts as well as full or closed classes
- Automatically detects unfinished pre-requisites of subjects
- Automatically checks pre-requisites' equivalents
- Administrative level enrollment module
- Supports classes with multiple schedules
- Supports expiration of incomplete grades
- Automatic pre-enlistment & promotion
- Automatic selection of block-best section for student

ONLINE ASSESSMENT

- Automatically assesses enrolled subjects
- Automatically computes charges for adding and dropping of classes
- Automatically computes late enrollment charges (fixed or per day)
- Supports individual student assessment override
- Parent access (viewing only) to student assessment (v3.2.2.26)
- Added administrator access (viewing only) to students' statement of accounts (v3.2.2.27)
- Administrators, students & parents can check Amount Due (v3.3.4.8)

ONLINE DISCOUNTS AND SCHOLARSHIPS

- Supports single or multiple discounts per student
- Supports fixed amount (availed or paid by student)
- Supports maximum tuition fee units that can be discounted
- Supports required minimum number of units enrolled to avail
- Supports fees which are excluded or different rate is applied
- Supports automatic validation of enrollment
- Supports rates on specific fees instead of fee types (3.2.2.19)
- Detects enrollment changes to ensure optimal re-computation of assessment
- Automatic generation of UNIFAST report (PDF & Excel) required for SUCs

ONLINE GRADES

- Entry of raw scores with automatic computation & transmutation of grades
- Automatic computation of General Weighted Ave. based on curriculum
- Entry module for pre-requisites or co-requisites of subjects
- Entry module for curricula development
- Checks if input grade is invalid (highlighted in red)

- Curriculum evaluation with support for credited & equivalent subjects
- Entry of requests for change grade (instructor's module)
- Approvals of request for changing of grades & automatic posting of grades
- User-defined grading terms i.e. final grade or prelims, midterms & finals
- Automatically enables or expires grade entry for any grading term
- Automatically computes final grade based on configured percentages
- Automatic transmutation of final grade to numerical equivalent (v3.1.8.20)
- Unofficially dropped students will be automatically given a failed grade (v3.1.8.20)
- Class record: Teachers can define & input quizzes, recitation, project, periodic tests etc. where term grade

is automatically computed based on user-defined rates (v3.2.8.20)

- Teachers can generate the grade report in PDF ready for printing or downloading (v3.1.8.20)
- Administrators can upload school logo of grade report (v3.1.8.26)
- Teachers can input or save two (2) signatories (recalled automatically) of the grade report (v3.1.8.32)
- Posting of grades for merged classes of different subjects (v3.2.2.16)
- Added parent access (viewing only) to student grades and evaluation (v3.2.2.26)
- Added administrator access (viewing only) to periodic grades (v3.2.2.27)
- Automatic transmutation of grades (v3.3.1.13)
- Curriculum-based computation of General Weighted Ave. (v3.3.4.11)

ONLINE CLASS SCHEDULING

- Browser-based and real-time class scheduling module
- Automates the development of class schedules visually, automatically matching instructors, classes and rooms, thereby, ensuring zero per cent conflict in class schedules
- Assists Deans or the Registrar in developing class schedules visually
- If several persons are creating class schedules, the system detects conflicts in schedule for all instructors, classes and rooms
- Automatically prescribes available class schedules for instructors, classes and rooms
- From the computer-generated available schedules, the registrar or deans conveniently selects schedules; the chosen schedules are then automatically assigned by

the system real-time, thereby preventing class schedule conflicts

- Detects conflicts in schedules for all instructors, classes & rooms
- Detects & displays available & conflict-free schedules for instructors, classes & rooms
- Supports merging of class schedules (single and multiple)
- Easy schedule selection by simply clicking pre-computed available schedule
- Supports user-defined or custom days in finding available schedule (v3.1.8.20)
- Ability to ignore conflict in schedule for instructors and rooms (v3.1.8.20)

ONLINE TEACHER EVALUATION

- Questions data bank
- User-defined rating criteria
- Design of evaluation items
- Answers of students are saved real-time
- Students can review and change their answers

- Evaluation report shows average per item and weighted average per class
- User-defined categories and sub-categories with % weight (v3.1.8.26)

ONLINE LEARNING RESOURCES

- Category Types: Student Modules, Instructor Modules, Reading Materials, Quizzes, Examinations, Projects
- Students and parents have read-only access to student modules & reading materials attached to subjects officially enrolled by the student

- Instructors have read-only access to all learning resources attached to the subjects taught
- Administrators with edit privileges can upload & attach learning resources specific to subjects

EXPRESS PAYMENTS

- Supports most widely accessed express payments
- Payment of fees anywhere local or abroad through Western Union

- Enables students to view previous and current express payments
- Enables parents to input/view express payments (v3.2.2.26)

ONLINE PAYMENTS

- Integration with iXBase online payment system (GCash, ATM)

LIST OF CLIENTS

ILOCOS REGION

1. Northern Christian College, Laoag City
2. Northwestern University, Laoag City
3. University of Northern Philippines, Vigan City
4. Data Center of the Philippines, Vigan City
5. North Luzon Philippines State College, Candon City
