Subject : **CONDUCT OF INVENTORY OF ALTERNATIVE LEARNING**
SYSTEM COMMUNITY LEARNING CENTERS IN THE SCHOOLS
DIVISION OFFICES

Date : June 20, 2022

1. The Department of Education (DepEd), through the Curriculum and Instruction strand and the Bureau of Alternative Education (BAE), announces the conduct of an Inventory of the Alternative Learning System (ALS) Community Learning Centers (CLCs) in the Schools Division Offices (SDOs).
2. Section 13 of Republic Act 11510¹, also known as the Alternative Learning System Act, on the Provision of an ALS CLC states that:

“The DepEd or the LGU or both shall provide at least one (1) ALS CLC in every municipality and city throughout the country to facilitate a learning environment for the full implementation of the ALS K to 12 BEC and other ALS programs. Priority should be given to areas where there is limited access to formal basic education or higher concentration of out-of-school children in special cases, or adults lacking basic literacy skills or have dropped out of formal school or both.

To augment the number of existing ALS CLCs and those provided under this Act, the facilities of all DepEd schools throughout the country shall likewise be used as learning centers during no class days and after regular class hours during class days. Guidelines shall be developed by the BAE in collaboration with the strands

of operations and administration of the DepEd on the use of facilities of public schools for the delivery of ALS programs.

Each ALS CLC shall be constructed in accordance with the specifications, criteria, and other details provided and approved by the DepEd, in consultation with municipal or city mayor or duly authorized LGU representative, to ensure the orderly implementation of ALS programs.

Further, to ensure that every learner has equitable access to ALS programs, every CLC shall be open and operational seven (7) days a week and be provided with adequate learning resources and facilities, including a space for childcare for parents attending ALS classes.”

The DepEd shall ensure that learners attending CLCs have access to water and sanitation facilities.²

3. The BAE is mandated to set the policies and standards governing ALS CLCs that shall allow the full implementation of the ALS K to 12 Basic Education Curriculum (BEC) and provide safe, healthy, and secure learning environments for ALS learners.³
4. In compliance with the provisions of the ALS Act and its Implementing Rules and Regulations (IRR) on the provision of ALS CLCs, there is a need to conduct a national inventory of learning centers located in both schools or communities in the different Schools Divisions of the country. This is in order to generate the necessary baseline data of the existing number of community-based and school-based learning centers used for the delivery of the ALS programs. The inventory shall likewise check each learning center’s physical structure and location to ensure that DepEd is providing a safe, secure, inclusive, and conducive learning environment for its ALS learners.
5. The result of the inventory of Alternative Learning System (ALS) CLCs across all Schools Divisions shall provide the baseline data of the status of existing CLCs nationwide in order to:
 - a. Comply with the provisions of the ALS Act and its Implementing Rules and Regulations (IRR) on the provision of ALS CLCs;
 - b. Generate a profile of typology and ownership of Community-based ALS Learning Centers (CBLCs) including DepEd-owned, privately-owned and Local Government Unit-owned;
 - c. Generate a profile of typology of ALS School-based Learning Centers (SBLCs);
 - d. Check whether a learning center’s physical structure and location provide a safe, secure, inclusive, and conducive learning environment for ALS learners;
 - e. Identify priority areas, and strategic locations for the possible planned construction of new ALS CLCs;
 - f. Provide data to inform future budgeting and investment plans and decisions related to future construction, refurbishment, and operation of CLCs in accordance with the minimum quality standards and provisions of the ALS Act and its Implementing Rules and Regulations (IRR); and
 - g. Propose for an Omnibus Policy on ALS CLCs.
6. The BAE shall provide the necessary fund to conduct the inventory of ALS CLCs through the ALS Program Support Fund (PSF) for Calendar Year 2022.

**GUIDELINES ON THE CONDUCT OF INVENTORY OF ALTERNATIVE LEARNING
SYSTEM COMMUNITY LEARNING CENTERS
IN THE SCHOOLS DIVISION OFFICES**

1. The *Community Learning Center (CLC)* refers to a physical space to house learning resources and facilities of a learning program for out-of-school children in special cases, out-of-school youth, and adults. It is a venue for face-to-face learning activities and other learning opportunities for community development and improvement of the people's quality of life.⁴
2. Available data indicate that there are currently 21,902 Community Learning Centers nationwide which are being used to deliver the ALS programs. These CLCs are owned by either the DepEd or various education stakeholders. The status and profile of these CLCs in terms of facilities, accessibility, typology, ownership status, and other key characteristics are not fully known. Hence, the need for a national inventory of CLCs covering all Schools Divisions to generate the baseline data to inform future ALS CLC planning, construction, operation, and rehabilitation and policy formulation.
3. The guidelines on the conduct of the Inventory of ALS CLCs by the Schools Division Offices (SDOs) shall include online encoding of gathered data; engaging the services of field enumerators; provision of funds (through the ALS Programs Support Fund for Calendar Year 2022); roles, responsibilities, and support of personnel involved in every governance level of the DepEd.

The inventory shall be conducted within the jurisdiction of the SDO. This shall cover ALL Learning Centers within the school (public or private) and in the community.

The guidelines shall also include the data gathering forms and the template of contract for engaging the services of Field Enumerators in the SDOs.

It is also accessible to learners with limited mobility. It is a centralized learning, resource, and training center and serves multiple sub-CLCs in the area.
