MARIE ANTOINETTE S. TESALONA, MD

Medical Officer III
School Health Section
DepEd Division of Quezon
Talipan Pagbilao, Quezon

Dra. Tesalona:

Greetings of peace and joy!

Work Immersion is a subject of the Senior High School (SHS) Curriculum of the Department of Education. It involves hands-on experience or work simulation that provides learners with opportunities to become familiar with the workplace and be productive by applying their learned competencies and acquired knowledge related and relevant to their strand/track.

One of the requirements for efficient implementation of the student's Work Immersion is the Medical Certificate. In connection, we would like to request your good office for a medical team in relation to the medical examination of our students before sending them out for the actual work environment in preparation for their curriculum exits.

We are looking forward that you will merit our request. Thank you very much!

Respectfully yours,

CESARIA ROSAL C. ARCHE
Work Immersion Coordinator

JOY M. BELMONTE
SHS Coordinator
